THE
DESCENDANTS
of
JOSEPH STROCK
of
1757
by
RONALD WESLEY STROCK
1984

I will dedicate this book to the memory of my father, EDWIN E. STROCK, for without his efforts and desire, the updating of the Genealogical Sketch of the Joseph Strock Family would not have come about.

He in 1958 received a copy of this 1932 book of which he had heard of for many years. Upon reading it and seeing some errors in it for his own line and the fact it was now somewhat out of date, decided that it may be a good idea to bring into being a new account.

Having only the mailing lists in the back of the 1932 book as a start, this being now over 25 years old, he began the search for as many of these people as could be reached and in time he built up a considerable lists of ones to write to. His correspondence bought a great deal of new information as to later day descendants and information concerning other STROCK families not of our JOSEPH STROCK line. He then attempted to connect all these families into one. Alas, failing eye sight and health prevented is completion of his goal.

Upon his death on 25 September 1977, his gathering on materials lay in letters and files he had kept over the years. Upon myself fell the job of sorting this all out all this material and putting it in some order. Using the basic system he wanted to use, I did as best I could. I then saw that again it was somewhat out of date and using his mailing lists again tried to establish contact with as many families as I could and others he had not been able to reach. The next few years were fruitful, the results being in this book. A great deal of correspondence, many trips and searching of cemeteries and a great many hours in libraries has produced this book.

Special recognition must be given to WALLACE W. STROCK who it was that had collected much early data on the family from his father, MOSES L. STROCK, and to Wallace's brother SYLVESTER who aided him and also CLAUDE E. JOHNSON who compiled the efforts and who financed the 1932 book.

As this is a never ending task with new additions be a constant thing, it was decided in 1983 to bring this work to a conclusion. Last minute efforts were made to gather all early data possible.

I hope my efforts will be a some value to later generations who want to know about one of their ancestor, our JOSEPH STROCK.

I NOW MAKE A SPECIAL APPEAL TO ALL WHO SEE AND READ THIS BOOK

As some of my efforts to contact some families has failed and others have not supplied all the needed details on thier families, I hope that there are many out there who are willing to furnish any new data I have not been able to gather. Also any corrections that may be needed. I do hope in a few years to be able to put out a supplement to this work if sufficient response is recieved. Am also interested in information on any STROCK descended families even if not from this JOSEPH STROCK.

I expect to be at the following address for a number of years yet so please write:

Now many of you may wonder what is this 1757 we have attached to JOSEPH STROCK. This is the year we believe that he arrived in this country. An early reference in a biographical sketch of one of his descendants says he was bought to this country that year in the company of his mother and step father, a man named SASSMAN. Records now available do not show this. In fact, it seems that at this time, Immigrants to this country passing through English ports do not exist as there was trouble between England and France and the flow of immigrants ceased for a period of time at least taking that route which most were required this being an English colony. This does not mean it is completely out of the picture his coming in that year but chances are rather slim. Needless to say, we will continue to refer to him as the JOSEPH STROCK of 1757 until that day other proof turns up. The name SASSMAN may be a simplification of a longer name such as SASSANHAUSEN or other. People bearing variations do appear living in the same areas as our JOSEPH.

Now for the records, our JOSEPH STROCK does not in early times appear as such but rather the spelling was STRACK. He also does not seem to be known as JOSEPH but rather YOST or JOST. It seems that STRACK was the common way among those in the more German areas and that STROCK is as it appears in more English areas. The name as far as our family goes has been STROCK since the early 1800s except in a few records kept by ministers of German Lutheran groups as late as the 1830s. There are also other spellings such as STRAK and STRAIK found. In other lines not of our JOSEPH'S the STRACK has continued till present time.

Now it is also said our JOSEPH was bound out upon reaching this country as his parents were poor and this paid for his passage. This was not at all uncommon in those times. Many families had all but exhausted their resources to reach our shores. Even many more well to do found that their belongings had been pilfered in there coming to this country and had so little to start a new life with. The general requirement being that the person worked for whoever paid their passage till age 21. The teaching of a trade was what they recieved in return.

It is said that a small box or such that our JOSEPH carried his few possessions in had been bought to the STROCK reunions at Warren, Ohio several times. Is said to only big enough to have held one modern fancy dress or a gallon of "Shine". The last known possessor of this item died in 1970 and the where abouts is not known but most likely lost to future generations.

Records have not revealed to whom our JOSEPH was bound out to or where he spent his early days. I can but speculate on this in hopes that some day my thoughts may be verified. Since it was not at all uncommon for a bound person to marry into the family of the ones he lived with, would like to think that he spent his early days with the BENSINGER family. They at the time of his arrival lived in Berks Co., Pa., the part that is still Berks Co. A great many of these early records do not exist so proof that he was with this family from the beginning may never come to light.

We do not know exactly where our JOSEPH came from but is firmly believed that his origin was Germany. The name STRACK is not all that uncommon there even today. The earliest known of this name appear between 1590-1610. That immigrants bearing this name first came to this country as early as 1716, a JOSEPH STROCK to America from Transported Jacobite Rebels in the National Genealogical Quaterly, March 1976; and a JOSEPH STROCK to Virginia 1716 from Calendar of State Papers Colonial Series, America and West Indies, January 1716-July 1717 preserved in the Public Office. Vol. 29. London: His Majesty's Stationery Office, 1930 page 166-171. That many others bearing the name STROCK or STRACK appear in records as coming to this country after that early date to as late as 1880 may be found in the Passenger and Immigration List Index, Vol. III edited by P. William Filby with Mary K. Meyer: Gale Research Co., Detroit, Michigan. This book lists sources for the ones listed in which books they may be found.

Our JOSEPH married twice. His wives were sisters and children of ATTHON and MARIA MAGDALENA (FREY) BENSINGER. More data on them will be listed later.

JOSEPH'S first wife was ANNA SUSANNA BENSINGER. She was born abt. 1751 and died 1771. They may have married in 1769 or 1770. No record has yet been found concerning their marriage or her death for exact dates. EDWIN E. STROCK believed that she died at the birth of a child, HENRY, who was left in care of an uncle to raise. I have found no proof of this but do not think I have all the data that EDWIN collected as he shared it with others. I'll later give a write up of the STROCK families that EDWIN put together.

Our JOSEPH'S second wife was ELISABETH (BETSY) BENSINGER. She has been variously listed as born 1759 to 1764. The earlier date seems more likely. They married abt. 1779 no doubt in Brunswick Twp. where he and the BENSINGERS were now living. The BENSINGERS moved here in 1770 it is believed coming from Maxatawny Twp. of Berks Co.. This area is now part of Schuylkill Co., Pa. it being formed on 11 March 1811. This area saw it first settlers in the 1750s. Due to much trouble with Indians, the people on occasion had to flee south only to return and rebuild. Brunswick Twp. in which they lived was a some date divided up into east and west Brunswick Twp. The BENSINGERS lived in what is now East Brunswick Twp. not far from what is New Ringgold. How close our JOSEPH may have lived is not known now. The nearest church was the Zion "Red" Church located about one mile east of Orwigsburg in what is now West Brunswick Twp. This church dates to the early days of the settlement of this area. Our JOSEPH appears in its records as early as 1774 and as late as 1793. Why there is not more complete data as to the baptisms for his earlier children I do'nt know as the records cover that time period. It may well be that he did live closer to New Ringgold in which area there was a congregation that later built what is known as Friedens Church. This also dates to the 1750s although no building was put till 1796. Its records indicate that it was served by itinerant preachers till 1794. As most of these kept their own records of which a few exists today, and our JOSEPH used their services when available to perform the necessary duties of Baptisms. When not, he resorted to the Zion Church. From a copy of the baptism of JOSEPH 3rd child. "MOLLY" MARIA MAGDALENA in which MARIA MAGDALENA BENSINGER acted as her sponsor, this being given her birth as 27 December 1783, and not listed as part of the Zion Church's records would indicate that such things were performed by others. Also this seems to indicate that ANTHON BENSINGER was most likely dead as would be natural that he too would have been a co-sponsor if alive.

Other records such as taxes and assessments found in the Pa. Archives books show our JOSEPH then known as YOST STRACK owning land, horses and cattle in Berks Co. Brunswick Twp. in years from 1779 to 1785. A listing of these will be shown later on.

Now in 1793, our JOSEPH left Berks Co. and moved to Tyrone Twp. Cumberland Co., Pa. There he bought 258 acres 104 perches of land known as Springfield. For what reason he made this move we do not know for sure. The 1932 says that in fear of Hessian raids, he had converted his gold for Continental paper which then had depreciated. Land being cheaper in Cumberland Co., he was now able to get more land. This I think was also coupled with the fact that his family had increased to include his first seven children made it necessary for more land on which to take care of such a family. Indeed, he could now expect help from his older children, although still young by todays standards, learned early to be of much help to their parents in performing the necessary chores for their daily living. He sooned increased his land to well over 400 acres. Today, this land lies in Saville Twp. Perry Co., Pa. Although I do'nt know exact location, I believe it was in the north west part of the Twp.. Here the last four children of our JOSEPH were born. Here his older children were married. Here

were born several of his grand children. During our JOSEPH'S stay, this was known as Tyrone Twp. Cumberland Co., Pa.. Perry Co. was not formed till 22 March 1826 with Tyrone Twp. having been divided at an earlier date. With the growth of Pennsylvania, there were constant changes with new counties being formed from the early days as an English Colony till as late as 1878.

In 1814, it became time for still another move. For what reasons it has not been stated but again a growing family requires more land. Although our JOSEPH no doubt having all the land he needed, his married children and their families required their own. Land being cheaper in the west, Ohio, this is where they went. This now was a much greater move than the one from Berks Co. to Cumberland Co. back in 1793. What now is a journey of only a few hours back then would take several days, maybe even two or three weeks. How long it took is not recorded but was not an easy journey in those times. We can only read of similar trips recorded in the history books to see what they must have went through. It is said that the family moved during the period that sons GEORGE and HENRY were in the service of the War of 1812-1814. I find that it was not HENRY but JOSEPH jr. who served with GEORGE. From GEROGES records, it says that he served from 22 February 1814 till 22 August that year. When they returned home, they found the families all gone to Ohio and being too poor to buy horses set out on foot. They were both married so wives and families were there in Ohio.

The story goes that our JOSEPH upon arriving near Smith's Corners it being in the forenoon at an old neighbors of his in Pa. was greeted by the wife who sent her son to call her husband. The boy shouted to his father: "Grand Dad Strock has come" and the husband swung his ax about his head, yelled, let go and ran. The next day he could not find the ax and so far as the story goes is still lost. This was the family of HENRY YEAGER who moved here before 1810 having been a close neighbor of JOSEPH back in Pa. Many of the Yeagers (YAGER) are buried to the south in Canfield Twp. in what is now known as the Old North Cemetery.

The choice of this area also is not recorded but to be near old friends and neighbors and the closeness of their Church must have had a great deal of influence. It seems that our JOSEPH in his previous choices of where to live picked areas that were of his own German background and followers of his faith, the Lutheran Church. There had already before his arrival in Ohio been established to the south a short ways in Canfield a Church of this faith. It was located across the road from the Old North Cemetery. Here we believe is the final resting place of JOSEPH and his wife ELIZABETH. Although no markers exists for then today, past references make this the only logical place. Also four of his sons are buried here as are others of later generations.

It has been said that the entire STROCK clan came to Ohio all at one time. Records do not bear this out as daughter "MOLLY" and her husband PHILIP LUDWICK were still in Pa. as late as 1817 but did come to Ohio prior to 1820. Another daughter "ELIZABETH" who is said to have married a man named CLINGER does not appear in any records I have been able to uncover so far. There is a CLINGER family in Pa. of whom she may have been wife but have not been able to verify this to date.

Again, the exact location of our JOSEPH'S home has not turned up. He is said to have lived in the south part of Austintown Twp. and strong indications are that his land was at the corner of what is now Ohio St. Rd. 46 and Kirk Rd., the south west corner. This would put him right at Smith's Corners. The south edge of his farm borders Canfield Twp. This all lies in what was then Trumbull Co., Ohio but since 1846 is part of Mahoning Co., Ohio. Records are not easy to find of this early period but do hope time will produce at least a little more on this.

On their arrival, there was much work to be done. Homes to be put up, what crops they could still get in or gardens at least. Another trip back to Pa. to get the rest of their belongings. So much to

done before a winter set in. These were hardy people much use to this sort of thing. There is no doubt that their neighbors and friends gave them much help in getting established in this new land for them. So were the ways of our early forebearers. The older children no doubt were of great help to their parents before even setting up their own places.

Just how soon they children were able to get their own homes underway is not known but son HENRY soon left to travel on to the south west where he was in Tuscarawas Co., Ohio where his daughter CATHERINE was born 25 September 1815. She was also the first known of the family to die in Ohio on 3 September 1816. HENRY returned to Austintown Twp near his father sometime after 1828 and was the first of JOSEPH'S children to die. Whether it was poor health that caused him to return to be near family is not known but he was not old, being 49 at death.

Son GEORGE was in Canfield Twp. 1st, then by 1820 in Ellsworth Twp. till in 1830s when he moved to Newton Twp. that is located in present day Trumbull Co., Ohio. Son JOSEPH Jr. was by 1820 located in Youngstown Twp. not far east of his father. He also located in Austintown Twp. for awhile and ended up in Canfield Twp. near some of his family. Son JACOB who seems to be the last to marry while in Pennsylvania. His oldest son JONATHAN may have been born either in Pa. or Ohio not knowing the exact date they left there as he was born 24 July 1814. JACOB too lived in Ellsworth Twp. in 1820 through the 1840s. Have not found where he was in 1850 but by 1860 lived in Canfield where believe he spent his last days. Daughter MOLLY who married PHILIP LUDWICK were in Austintown Twp. from 1820 and 1830 census. For 1840 have not located but in 1850, she is in Austintown Twp. and listed as MARY. JOSEPH'S son, SAMUEL, WILLIAM and JOHN did not marry till after coming to Ohio, their being too young when first arriving. They all lived and died in the surrounding area except possibly the youngest JOHN. There is some evidence that he may have spent his last days in Michigan. Besides finding nothing on the family of daughter ELIZABETH who is supposed to have married a man named CLINGER, there is little to say of the oldest child and daughter of our JOSEPH named MARY in his will and the only reference is that she was living in Medina Co., Ohio as was her sister, HANNAH (STROCK) STITLE these place being mentioned in a quit claim on JOSEPH'S land in 1849. Will include a complete copy of this later. Where HANNAH lived first is not known or if married in Ohio or Pa. Very little in the way of records for the area of Cumberland Co., Pa. exists today especially those of Churches. There were STITLES near our JOSEPH in Tyrone Twp. Cumberland Co., Pa.. Also some are buried in the "Old" Brunstetter Cemetery south of West Austintown. More searching is needed if these are to be ever straightened out.

It was not too many years after the arrival in Ohio that the families started drifting further apart. HENRY'S oldest son had stayed in Tuscarawas Co., Ohio, he having married before his father returned to Austintown Twp. At first the separations of distance were not great but by the 1840s, two grandsons left for Missouri, never to return. Another was off to the Mexican War. Whether he ever came all the way back is not known but did marry in 1854 in Tennessee and later moved to Arkansas. Another went off to Missouri later to return then go to Michigan. Others drifted across Ohio, some more to Indiana and Michigan. By the Civil War, one left Missouri and went to Colorado and one is said to have left for California in the Gold Rush days never to be heard from again. By now, there are among the family descendants scattered coast to coast. There are also a large number descended from various lines still living in eastern Ohio. Alot no longer feel a connection to the family as so many name changes down through the generations when following female lines.

I would like to at this point stress that we are equally related to both our parents or should feel so. This then is true for each set of grand parents and all four great grand parents. Being a

name bearing descendant makes you no closer related to our JOSEPH STROCK than a person who is related through one of his daughter's daughter's daughter's etc. True many of us are now very distant cousins but we do have one common ancestor. We may be proud of all our lineage no matter what line we want to pursue. Remember we are equally related to great great great grand father STROCK as we are to say a Great great great grand father JONES....

A STROCK reunion is held each August among the eastern Ohio relations. This has been going on since 1880 with this year, 1984 being the 105th. This is something any family should be proud of. I will say that it is too bad so many have lost interest. Such a good chance to meet others of the same family line. I have tried to encourage others to attend that have been out of touch with the rest for many years or may not even be aware of this reunion. So many within less than 50 miles or so who could spend part of one day a year. All are welcome and I would make every attempt possible to let any know who would come when it will be or see you put on mailing lists for a notice of it. Do not be bashful and say I know none of these people. I too could say this not too long ago. We are only strangers till we meet.....

Among the descendants may be found veterans of all our Wars. Our JOSEPH was at one time recognized as a veteran of the War of Independence, by the Ohio D.A.R. as one being buried in Ohio. Why he is not today or can not get a reason from the Ohio D.A.R. I don't know. Two of JOSEPH'S sons served in the War of 1812-1814. One descendant is known to have served in the Mexican War of 1846-1848. At least 11 STROCKS of our line are known to have served with the Union Forces in the Civil War plus several husbands of women of STROCK descent. There were at least 44 bearing the STROCK name with the Union Forces and 11 with the Confederates during the Civil War. This is only ones who filed for pensions that I know of so probably many more. We will find relation in the Spanish American War, World Wars One and Two, Korea and Viet Nam. A full lists is hard to get but have asked for service data from all with out getting full results from many. Perhaps a few of you out there will now comply to my asking for more data.

Now the longest lived descendant of our JOSEPH STROCK that I have information on is MARY ELLEN STROCK PROPST. She was the daughter of MYRON F. STROCK who is a son of BENJAMIN JACKSON STROCK who is a son of HENRY (JOHN HENRY) STROCK who is the 2nd child of our JOSEPH. This makes her a great great grand daughter. She was born 6 October 1859 in Holmes Co., Ohio and died 2 December 1960 at Kirksville, Missouri. Her father had left Ohio in 1865 going to Iowa then Missouri in 1866. She was 101 years 1 month and 26 days old. She is the one known to have reached 100. Her father had lived past his 97th birthday. The second longest lived was HENRY BURGETT who was born 26 September 1844 and died 10 July 1943. Of those that are still living to day (July 1984) JOHN W. CHRISTOHER born on 19 January 1893, GOLDIE M. (PROPST) NEWMAN born 22 September 1894 and CELSTE M. CRAWFORD STACK born 7 July 1896 are the oldest. There others born prior to 1900 still alive and some near these listed but have no late confirmation as to if still alive today.

Of the near 600 I have ages at death of descendants of JOSEPH STROCK, the average age at death is 63.94 years. This represents only ones who lived to age 18 or over. There are however a number of people who I know were still alive in their 70s and 80s of whom I never have gotten their death date which would no doubt raise this some. Then of course if we added in all the ones who died as infants and at early age from childhood epidemics in the 1800s that did kill off a number at times, the average may go down.

This work lists over 4000 who can trace our JOSEPH STROCK as one of their ancestors. An exact count I have not made myself. There are out there many more who could be added but due to lack of being able to contact parts of their family or lack of interest on the ones I did reach have left them out for now. I hope that time will correct some of this.

The glowing accounts that CLAUDE E. JOHNSON wrote into the 1932 Genealogical Sketch of the JOSEPH STROCK family I'll not recount but are of much interest to read. His memories of an earlier time and what he had picked up from the older ones tells much of what our ancestors had to do and how they lived. Spread around this country are 300 copies of that book and some of you may have had a chance to read this. If not and you get a chance, it is worth the effort.

I would also like to encourage you all to read some of the early times of what our ancestors went through to give us what we have today, so taken for granted. To record what we know of our family lines what ever they are. You olders ones can leave so much for the future generations of your family. Recount tales you have heard, where your grand parents lived and what they done. Where they died and are buried. Keeps these records for the ones to come as some of them will be wanting to know these things someday. I myself am guilty of much neglect in listening to what my father and grand parents were saying and now see how much I missed. In our cleaning out of possessions of parents or grand parents when they have passed on, so much is lost. Pictures thrown away that now would be prized by many as a record of what they looked like. I am sure that most all of you have some of even your own family that are not identified. We know who they are but will your grand children. Please write on back at least the persons name and when taken.

It takes no great experience to find something on our own lines. I myself had none till undertaking to up date this book. I am still in the learning process and no doubt do not keep my records as a trained Genealogists does. Time and patience is what it takes. The little clues you may pick up often lead to a great deal more. Finding where grand parents and back lived, searching the old cemeteries there, local libraries of the area for county histories and other records they may have. Areas vary as to the extent of what you may find. There are death records that may reveal a few things such as their parents. This can go on and on but to all who want to know more, this is more to find than you may think if you take the interest and time.

I suppose it is now time to reveal some of what we have on our JOSEPH STROCK and his family. It is recorded that he had eleven children. They are MARY, JOHN HENRY, MOLLY, GEORGE, JOSEPH, ELIZABETH, JACOB, HANNAH, SAMUEL, WILLIAM and JOHN. That there may have been others is possible but died young and nothing ever handed down concerning them. These then are the ones that grew to adulthood.

Of these, the first, MARY we know so little. That she existed at all is shown in his will. That she lived in Medina Co., Ohio no doubt with her sister HANNAH is also shown in his will. We do believe that she was born around 1780 but when she died is not at this time known. Another daughter, ELIZABETH, who is said to have married a man named CLINGER nothing has been found to date that would show they lived in Ohio. Of daughter, MOLLY, of whom so little was known in 1932 I did have the great fortune to come in contact of one of this line who could furnish some data on her line. MOLLY and the rest have their sections in the book, only MARY and ELIZABETH are missing.

The Will of our JOSEPH is taken from the 1932 and is so listed on the following page:

Probated Will of Joseph Strock Sr., Mahoning Co., Ohio.

I, Joseph Strock, of the township of Austintown, of the county of Trumbull, and the State of Ohio, being of sound mind and memory-blessed be God for the same and considering the uncertainty of life and the certainty of death and being possessed of certain lands and other property, do make, ordain and establish for the proper distribution of the same among my legal heirs or representatives this as my last will and testament; that is to say:

First. I leave to my beloved wife, Betsy, the dwelling house in which I now reside and the garden spot during her natural life to use and occupy the same for her comfort and benefit, but at the same time any tenant who may work the said land during her natural life, as aforesaid, is to occupy the east rooms of the house, providing, however, that the tenants as aforesaid shall obtain from my wife permission therefor. Also the one equal part of all the grain that shall be produced from said land during the term aforesaid, two cows, six sheep, as many swine of the number I shall own at my death as she may select, one mare, all the household furniture she may select which may be in my possession at my death, including the stove. The stove to remain in the house as long as she shall live. The use of the other stove is only intended to be given her. Also I bequeath to my wife, Betsy, the sum of ten dollars per each and every year from date of my decease until the year 1840, should she so long survive.

Second. I bequeath to my daughter, Mary, the sum of 134 dollars to be paid out of my estate as soon as my debts are settled and discharged. I then further bequeath to my daughter, Molly, the sum of five dollars to be paid the same as my daughter, Mary. Also I bequeath to my daughter, Betsy, the like sum, to be paid as Aforesaid.

It is further my will that at my decease all my personal property of which I may die possessed of, except such a part thereof as my wife (should she survive) may herself choose to keep as is herein before bequeathed to her: Shall be sold at public sale and the avails thereof, after satisfying my debts, shall be applied to payment of the legacies before mentioned.

Having sold or otherwise disposed to some of my children certain property and took from them their bonds for the same. No interest shall be charged on said bonds, but they are to be calculated only their original amount and are to be counted as a part of the whole of their part or portion of my estate, according to the amount thereof.

After the decease of my wife and after the debts and the debts and the legacies heretofore mentioned shall be paid, all my property shall be equally divided between my children in the manner following:

To my daughters, Mary and Hannah, and to my sons, Henry, Joseph, George, Jacob, William, John and Samuel, an equal eleventh part.

To my daughters, Molly and Betsy, each one an eleventh part thereof after deducting the five dollars bequeathed to them as before mentioned, providing they or either of them shall be a widow. But if either of them should remain at the time under covert of marriage with their present husbands, and I do hereby appoint my sons George and Joseph as my executors to this, my last will and testament, to carry the same into full effect according to the true meaning and intent thereof.

I will that they shall use so long as my daughter, Molly, lives, and after her death I devise to her husband, Philip Lodwick, five shilling and then the said Philip is to leave the above mentioned premises and after the death of my daughter, Molly, my executors are to take charge of the above mentioned premises and dispose of the same as is mentioned in my former will, to which this is a codicile.

A legal quit claim to the property left by the will of Joseph Strock in the old style writing, each letter of the same script-like uniformity:

Now I will attempt to make an analysis of what I seem to see in this will and later disposal of the property of our Joseph Strock.

It would seem that he did'nt care too much for his son in laws, husbands of Molly and Elizabeth. Molly especially as it seems he wanted to make sure her husband, Philip in no way benefited from her inheritance that he could control. He did see fit to take care of her by providing a home or use thereof, in the codicile to his will. It would seem that they would be left out unless they were widows at the time of his death.

It also seems clear that Joseph was still alive in March 1832 and had died by October 1832, his will being filed for probate.

Now as to the death of his wife, Betsy, things do not seem so clear to me. He, Joseph had stated that his property was not to be sold until after her death. We are lead to believe that she within a few weeks of him from a biographical sketch that does mention this. Then why was the disposal of his land not until 1849?, when son William bought the rights of all the rest. The 1932 book does not mention her death. Did they not know? Looking for an extra older female in the families of their children in the 1840 Ohio census reveals nothing one way or another and was from evidence not among them as all listed can be accounted for, except I should say the daughters Mary, Molly, Hannah and for Elizabeth. It is logical that she may have lived with one of them in her old age. It would seem much deeper research is needed to clarify as to what happened to Betsy.

We will now list some of the records that reveal the whereabouts of our ancestor JOSEPH STROCK.

1790 census for Berks Co., Pennsylvania, Brunswick and Manheim townships.

Page 30 lists JOSEPH STRACK. We know that in these earlier times that the STRACK spelling was used. His family in this year as is listed was composed of two free white males over 16, four free white males under 16 and four white free females. This is 1 female and 1 male under 16 and 1 over 16 that I can not account for. As other near relatives may have lived with them in this household and were counted being there, this may be the answer. This area is now part of Schuylkill Co., Pa. it being formed on 11 March 1811.

1800 census for Cumberland Co. Pennsylvania, Tyrone Township.

Page 86 lists a YOST STRAIK. Misspellings are common and is no doubt our JOSEPH. His family is listed as one free white male over 45, two males 16 to 26, two males under ten, one free white female 26 to 45, one 16 to 26, two 10 to 16 and 1 under 10. This does not account for one daughter 16 to 26 and has one extra male in 16 to 26 group. Again, we know that the records are not 100% accurate. This area is now part of Perry Co., Pa. and of Saville township, Perry Co. being formed 22 March 1826.

1810 census for Cumberland Co. Pennsylvania, Tyrone Township.

Page 111 lists YOST STRACK. Again the early spelling for STROCK. It shows 1 free white male over 45, two 16 to 26, one 10 to 16 and 2 under ten; 1 free white female over 45, 1 16 to 26 and 1 10 to 16. This conforms to what is known of the family except does not account for the oldest MARY. Sons HENRY and GEORGE and daughter MOLLY are known married at this time. MARY never did marry. Sons HENRY and GEORGE also show on this census on each side of their father on same page in census lists. Have not been able to locate a PHILIP LUDICK family at this time.

1820 census for Trumbull Co., Ohio, Austintown township.

Page 225 list JOSEPH STROCK. It lists 1 free white male over 45, 1 is 16 to 26, 1 is 16 to 18, 1 is 10 to 16, 1 free white female

over 45 and one 26 to 45. This conforms to what is known if the oldest, MARY, is with the family at this time. Also found in this census in Trumbull Co. are on page 226, PHILIP LUDWICK; on page 343 in Ellsworth township are GEORGE and JACOB STROCK, on page 287 in Youngstown township is JOSEPH STROCK Jr. and in Sugarcreek township of Tuscarawas Co., Ohio on page 164 is HENRY STROCK. These all conform to what is known of these families except one extra male in 16 to 26 age group. Now this part of Trumbull Co. in 1846 became part of the newly formed Mahoning Co., Ohio.

1830 census for Trumbull Co., Ohio.. In Austintown Twp. is listed on page 206. JOSEPH STROCK is listed in the 70 to 80 age group. The oldest female is in 60 to 70 age group. Now we believe that he was born in 1748 so should be 80 to 90. For his wife, her date of birth in data found varies as born 1759 to 1763 so could be the right age group for her. We also find in Austintown Twp. his son HENRY on page 206 and PHILIP LUDWICK on page 204. On page 207 we find WILLIAM STROCK but do not know who these are listed in his household. Also in Austintown Twp. on page 208 is SAMUEL STROCK and on page 209 is JOSEPH STROCK Jr.. Son JOHN is found in Canfield Twp. on page 265. Sons GEORGE and JACOB are found on page 270 in Ellsworth Twp. These do not all conform with the families as we know then to exists with extras being listed as in these households.

We even find in 1830 that the oldest grandson of our JOSEPH has married and living in Tuscarawas Co. Wayne Twp., Ohio. He is BENJAMIN STROCK, the oldest child of HENRY.

As the census only listed names of head of household till the 1850 census, it is not known who many were that are listed with a given family or their relationship.

As this is the last census our JOSEPH is shown in, for these records I am not including any later ones although I have worked at all of them through the 1860 census and am still working at getting more in the later census's on all of our JOSEPH STROCK descendants.

The next step back is what records can we or have been found on our JOSEPH STROCK and related ones:
From Perry Historians of that Co., in Pennsylvania, I have been able to get the following data.

From Tax records of Tyrone Twp. Cumberland Co., Pa., the following has been found.

For 1795-YOST STROCK-472 acres, 2 horses and 3 cows.

For 1799-JOSEPH STROCK-478 acres

For 1802-Not shown.

For 1805-JOSEPH STRACK-475 acres, 2 horses and 4 cows.

For 1805-EBERHART LUTEMAN-250 acres and 4 cows. He is the father of ELIZABETH, who marries GEORGE STROCK in 1808.

For 1808-JOSEPH STROCK-474 acres.

For 1808-HENRY STROCK-32 acres, 2 horses and 3 cows. (JOSEPH'S son)

For 1808-GEORGE STROCK-freeman.

For 1808-PHILIP LUDWICK-1 cow.

For 1814-JOSEPH STROCK-Two tracts, one of 350 acres and one of 114 acres, 2 horses and 3 cows. This is the last that our JOSEPH lived in Pennsylvania.

For 1817-CATHERINE LUTMAN-212 acres and 1 cow. She is GEORGE STROCK'S mother in law, her husband having died by now.

For 1817-PHILIP LUDWICK-1 cow. (Son in law of JOSEPH)

The Perry Historians have also furnished that our JOSEPH STROCK received a Patent on 23 September 1794 for a tract of 258 acres 104 perches in Tyrone Twp. Cumberland Co., Pennsylvania. It was called "Springfield".

A History of Perry County by H. H. Hain shows that both GEORGE and JOSEPH Jr. served in the War of 1812 from Saville Twp. Perry Co., Pa.

The RICE and HENCH families were prominent families of Saville Twp. they being families related to the wives of HENRY and JACOB STROCK. No doubt more background on these families is available to ones interested in them for tracings back of their part if so fitting into the families of HENRY or JACOB.

As early records of this northern part of Cumberland Co., Pa. are rather slim, some things have not come to light. Church records are all but non existent for this area at the time our JOSEPH lived there. Also News Paper records do not lists anything on the STROCK family of that area.

We will now go back one more step on records concerning our JOSEPH STROCK.

The following are extracts from the Pennsylvania Archives:

Now among the records that are in the Pennsylvania Archives books are also those of other STROCK-STRACK people who are not descendants of our JOSEPH. I have extracted what there is but have not included it in this work. Although there seems to be a strong possibility that there is some relationship with these others, I myself have found to date no exact connection. As my father did seem to have put together some relationship with other STROCK-STRACK families, I do not feel free to so state as fact at this time.

Further records pertaining to our JOSEPH STROCK as found in the records of what is called ZION "RED" CHURCH located in what is now West Brunswick Township, Schuylkill County, Pennsylvania. These are extracts from publications of the Schuylkill County Historical Soc.

1771

ANNA SUSANNA BENTZINGER, daughter of ANTHONI & MAGDALENA BENTZINGER, born 8 August 1771, Baptized 28 October 1771, sponsor MISS SUSANNA BOSSERTIN.

Now this is the youngest of their family. ANTHONI & MAGDALENA are the parents of our JOSEPH STROCK'S wives. His first being their oldest daughter also named ANNA SUSANNA and to his second being ELISABETH.

Now we are able to carry our ancestry back even further, although not in our STROCK line. As I stated earlier, I feel we are equally related to each and every line, not just the one we still bear the name of.

This then makes ANTHONI (ANTHON) (ANTHONY) & MAGDALENA one of my sets of Great Great Great Grand Parents and of some degree of grand parents to each and everyone of the Descendants of JOSEPH & ELIZABETH (BENSINGER) STROCK.

ANTHON is listed in RUPP'S Thirty Thousand Names of Immigrants in Pennsylvania. He arrived in this country, landing at Philadelphia on 30 September 1743, on the Ship Phoenix, William Wilson, Commander, from Rotterdam. He is believed to have first perhaps lived in what is now part of Montgomery Co., Pa.. He married on 2 November 1750 at Bieber Creek Church in Rockland Twp. Berks Co., Pa. Here they lived or in this area till around 1770 when they moved north over "Blue Mountain" to Brunswick Twp. Berks Co.. This area seems to have opened up abt. 1750 although the first had their troubles with the Indians of the area for some time. Things having finally settling down and the completion of the Zion Evangelical Lutheran Church (Red Church) which had been started in 1765, more land now being open, may have influenced ANTHON to come here, his family now near complete and would soon be needing room for themselves. For what ever reason, here he came and was here for the birth of his last child as recorded at top of page.

I'll now lists what is known on his children:

1. ANNA SUSANNA BENSINGER born abt. 1751; died 1771. She was the first wife of our JOSEPH STROCK.

2. MARIA BARBARA BENSINGER born abt. 1751. Married PETER DHEHER. They lived in Brunswick Twp. of what is Schuylkill Co., Pa. Are shown at various times in the records of the Zion "Red" Church.

3. JOHANN JACOB BENSINGER born 13 May 1753. Married EVA. Last name not known. Also lived in Brunswick Twp. and were sponsors of Baptism of our JOSEPH'S son JACOB in 1793.

4. JOHANN GEORG BENSINGER born 8 April 1755. Seems to have been married twice. Is listed in records first with a BARBARA then is listed with a CHRISTINA. He died 6 September 1802 and is listed in records of Zion "Red" Church.

5. JOHANN DANIEL BENSINGER born 10 June 1756; died 24 January 1834. Married on 7 December 1779 to MARIA BARBARA WEIMAN, whose father was one of the early settlers of this area. Are listed in the records of Zion "Red" Church.

6. ELISABETH BENSINGER born (1759-1764), from data collected. It seems that abt. 1761 may be closer. She is the second wife of our JOSEPH STROCK.

7. SOLOMON (SALEM) BENSINGER born abt. 1759 (?). Married to MAGDALENA HUMMEL born abt. 1761; died 25 December 1831.

8. FREDRICK BENSINGER born abt. 1761; died 1841. Married MARIA MARGARETHA WEIMAN, who is most likely a sister of his brothers wife, MARIA BARBARA WEIMAN. Buried in Freidens Church Cemetery at New Ringgold east of the Zion "Red" Church. This is in what is now East Brunswick Twp., Schuylkill Co., Pa. He was a Pensioner of

the Revolutionary War and has marker as to such. They had eight known children.

9. EVA ROSINA BENSINGER born 23 June 1763. Married a Mr. WEBER or WEAVER.

10. EVA MAGDALENA BENSINGER born 1 January 1766; died 1810. Married JOHANN HEINRICH BERGER.

11. ANNA CATHARINE BENSINGER born 15 November 1767. Married a Mr. FLICKINGER.

12. A child born abt. 1769.

13. ANNA SUSANNA BENSINGER born 8 August 1771. Was probably named after her older sister who had recently died. (JOSEPH'S first wife) Her birth is in the records of Zion "Red" Church showing that her parents were in this area by this time. Married abt. 1790 to VALENTINE RITTER.

This is the best to my knowledge data on the BENSINGER family, and much of it is due to the collection of data of ETHEL B. UNGER of Robeson, Pa., a descendant in the BENSINGER family. Others to have worked on this family and some family lines have been traced down to present day.

Other data concerning the BENSINGERS:

Oath of Allegiance book of Berks Co., Pa.: GEORGE, FREDERICK and DANIEL BENSINGER took oath of Allegiance under CHARLES SCHUMAKER on 25 May 1778.

Militia receiving depreciation pay: DANIEL, FREDERICK and GEORGE BENSINGER in Revolutionary War. Pa. Archives-Series 5 Vol. 4, page 267.

More data about the BENSINGERS are no doubt available in the records.

Now we have carried our ancestry back one more generation even if not of our STROCK line. We can now go back even further.

ANTHON BENSINGERS wife was MARIA MAGDALENA FREY. She was born abt 1730, the daughter of ANDREAS and CATHERINE (RITTER) FREY. ANDREAS is listed in Rupp's 30,000 Immigrants as having come to this country and landing at Philadelphia on 17 August 1733 on the Ship Samuel of London, Hugh Percy, Master, from Rotterdam. ANDREAS was born abt 1698 and CATHERINE abt 1703. They had nine known children which I'll now list.

1. MARIA SOLOME FREY born abt. 1719. Married PETER HEILMAN.

2. MARIA ELIZABETH FREY born abt. 1724. Married JOHANN CONRAD GRIMM.

3. JOHANN CHRISTOPHER FREY born abt. 1725. Married ANNA MARIA WANNER.

4. MARIA MAGDALENA FREY born 1730. Married ANTON BENSINGER and was the mother of our JOSEPH STROCK wives.

5. MARIA EVA FREY born abt. 1733. Married JOHANN MICHAEL KELCHNER.

6. CATHARINE FREY born 1735. Married HEINRICH ERTLE.

7. MARIA MARGARETHA FREY born 1738. Married JOHANN NICHOLAS MERKLE Jr.

8. JOHANN ADAM FREY born 1741.
9. JOHANN MATHIAS FREY born 1747.

As seen there is some gap between some of the children and is likely that there were others who died young and never mentioned so that are known of.

The first four and possible the 5th child were born before they came to this country.

We have now carried our ancestry back another generation to ANDREAS FREY. From data received, it seems that ANDREAS FREY was the son of a JOHANN JACOB FREY and that he was the grandson of a GREGOR FREY of Wingen Alsace, France. This now adds two more of our generations ancestors.

The family of JOHANN JACOB FREY is as follows. He was married twice. His first on 7 November 1684 to ANNA CATHARINE RUMMEL born in May 1649; died 22 July 1688 and buried at Wingen Alsace, France. They had two children. His second marriage was to ANNA CATHARINE SCHAUB, daughter of MATHIAS SCHAUB, and they are known to have had six children. The family of JOHANN JACOB FREY is then:

1. HANS JACOB FREY
2. JOHANN THIBOLD FREY.
3. JOHANN PETER FREY born 27 September 1689.
4. JOHANN HEINRICH FREY born 27 June 1693.
5. ANNA CLEOPHE FREY born 27 April 1694.
6. ANDREAS FREY born 7 November 1698, a grand father of our JOSEPH STROCK'S wives.
7. ANNA MARIA FREY born 21 April 1701.
8. ANNA CATHARINE FREY born 10 January 1704.

Again as there are some gaps, it is possible that there were other children who died very young. I am sure that more research on these families might reveal more data but as this is all that I have been given on them can say no more of these lines. A large number of people bearing the name FREY are listed in Rupp's 30,000 Immigrants and all the early ones, up to about 1740 or so, are listed as "Palatines imported".

The BENSINGER-BENTZINGER name only appears three time in Rupp's 30,000 Immigrants and they are listed as "Foreigners imported". This designation was dropped in the 1750's as the use of Palatines was after 1741 when Foreigners was used.

Now I hope that this all has proved of some interest to those concerned. Although this does not provide as complete a picture as some may have wished for, it does give some evidence to a part of our ancestry. I am sure that with a great deal of effort, that more particulars may be some day revealed.

It is my hope that some who read this work may have something to offer or will take up the search also. For myself, I'll continue to try and find out all I can, and will gladly share this with all. Any who are interested may contact me as my address is included at the beginning of this book, page II.

I did promise earlier to reveal some of the things my father, EDWIN E. STROCK had put together on the STROCKS in America. His source of much of this I can not verify. As I do know there were some of his papers missing when I took up this work, some of this may well be true. I do note however that he did use a very broad use of who were indeed STROCKS, he feeling that many of the variations should be included such as STROCK, STRACK, STRAUCH, and STROUCH. Others he also may have included. If not completely accurate, it may be of some use or interest and even help towards a more complete record of our families in America.

JOSEPH (STRACK) STROCK, was born in Wurtemberg, Germany in 1748. At this time, Wurtemberg was a part of Germany known as the Lower Palatinate District. It varied in size from time to time depending on whether it had Catholic or Protestants as as the rules, and at times was torn by strife between the Rulers and the people of the District. This strife caused many of the people to flee for the safety of their lives around 1750.

A dispute arose between two brothers named Strack and their Over-Lord, one Imperial Lord and Count of Sayn, Hohenstein and Wittegenstein, Lord of Hamburg, Vallender, Clottenberg and Lohra, also ducal Wurtemberger Knight of the Great Order of the Chase. (His family name was John Ludig-the Family name is never used in Giving the Titles, but some how it got into some of the old records, and by having the Family name explains some of the action taken by Joseph Strock of 1757 toward two of his daughters). In this dispute, the two brothers lost their lives, their property and the lives of their families became forfeit, so they had to flee from Germany in order to save their lives. (The names of these two men has not come to light). The Families split up and went in two directions, one group consisting of four brothers of one family fled to the town of Holstein, Canton of Basel in Switzerland, they were Heinrich, later known as Henry Strock of 1753 and another of the older brothers named Johan with two of the younger brothers, Samuel and Anthony. In 1753 they made their way to Rotterdam, and sailed from there on the Ship Edinburg, commanded by Capt. James Russell, Heinrich and Johan being over the age of Sixteen had to take the Oath of Allegiance to the English Crown, this they did at Portsmouth, England, Samuel and Anthony being under sixteen years of age did not have to take the Oath. This party of four brothers landed at Philadelphia, Pa. on September 14, 1753. All four of them settled in Pennsylvania.

All four married, and with the exception of Samuel had a family. It is not known at this time how many children Johan had or their names; Anthony had three sons, the family of one son, Henry is known and that of the other two, Joseph and David are not known, having been lost track of by brother Henry's family. However, it is known that both Joseph and David moved to the vicinity of Carlisle, Cumberland Co., Pennsylvania.

Heinrich or Henry Strack settled in Heidelberg Twp. Dauphin Co., Pennsylvania. He married Roseane Warner, and to them were born nineteen children. While the exact order of birth or dates is not known, some of their descendants are well recorded. Henry's family is Maria Elizabeth (Kochenderfer); Magdalene (Knower), Catherine (Bower), Barbara, Susanna, Elizabeth, Margaret, Roseane, Anna Maria, Annegelia and Philipen were the daughters. His sons were George (the oldest), Henry, John, Jacob, Yost, Michael, Peter and Christian. While dates of birth are not known, it is known that Henry and Michael were born in the 1760's. Heinrich died in 1795.

Johan Strack of 1753, was known to have been married and having a family, as yet the names and number of the children are not known, so no genealogical data can be given on them. He is known to have settled in Pennsylvania.

Samuel Strack (Strock) of 1753 under the age of sixteen on his arrival in America, settled near Lebanon, Pennsylvania. He was married but had no children of his own. (He however raised a

nephew, Henry Stroock, born in 1771, who was the child of Joseph (Strack) Stroock by his marriage to Susan Bensinger in 1769. Susan died at the birth of Henry, Joseph did not re-marry until several years later, and to Susan's sister, (Betsy) Elixabeth Bensinger, possibly around 1776 or 1777. Henry Stroock, born 1771 has his descendants listed fairly well up to date.

At this point, I, Ronald W. Stroock have come into some disagreement with the part of this Henry Stroock. I have not listed him as a child of our JOSEPH for the reason I believe this Hnery was a son of the Henry (Heinrich of 1753) and not of our line.

Anthony Strack-Stroock of 1753, the youngest of the four to arrive in 1753. He settled at Peikomenville, Montgomery Co., Pennsylvania. He was a butcher and drover, supplying meat to Philadelphia. He was at Valley Forge, under General George Washington during the winter of 1777-1778. Was married and had three sons, Henry, Joseph, and David. Anthony became discouraged over the worthlessness of the Contentinal money and decided to settle in Switzerland, not daring to return to Germany. He sold his farms and set out for Europe, on reaching Spain, the entire family became ill, Anthony died and is buried there. His widow and three boys returned to America and she took back one of the farms they had owned, and raised them to manhood. Henry the oldest is the only one of the boys that has any family history available. Joseph and David having went to near Carlisle, Pennsylvania and the descendants of them I so far have no knowledge of. Many of Henry's descendants live around Springtown, Bucks Co., Pennsylvania near Bethlehem.

The others of this Family group fleeing Germany in 1750 consisted of the widowed mother and her two youngest sons, John and our Joseph, who was two years old at this time, by Johannes, one of her older sons and a nephew Johann Jost Stroock whose father was one of the two killed before they got out of Germany. They went to a small village in the Voseges Mts. in Alsace-Lorraine, then part of France. (This by some fleeing to Switzerland and some to Alsace-Lorraine has caused the debated question as to whether the Strack-Strocks were Swiss, French or of German Descent.

In order for the widowed Mrs. Stroock to get to America to be near the four sons already in America, it was necessary that she would re-marry. This she did to a man that we know as a Mr. Sassaman. When they set out for America, they took only the youngest boy, our Joseph with them. The other son John was sent to Charleston, South Carolina with either friends of the family or relations of another name.. After the arrival of Mr. & Mrs. Sassaman with our Joseph, the Sassamans dropped completely out of sight, there is no mention of them. Joseph Strack-Stroock was bound out until he was 21 years of age to pay for his passage to America, to whom he was bound is not known, but said to have been a farmer that lived near Philadelphia. Joseph was married twice, and married sister by the name of Bensinger. His first marriage was in 1769 to Susan Bensinger who died at the birth of their first child, Henry on 27 March 1771 in Lebanon Co., Pennsylvania near the home of Joseph's brother Samuel. Samuel raised Henry, as Joseph did not remarry for several years. Joseph's children of his second marriage did not of Henry as a brother but most likely as a cousin.

Joseph must have been living at Valley Forge, Pa. at the time of his second marriage, he also served under Gen. Washington at Valley Forge, Joseph also owned a farm near by, and sold produce from his farm to the camp there. Joseph often told his sons of his seeing Gen. Washington at Prayer in a little grove, and of his stealing quietly away so as in no way disturb the prayer.

Joseph Stroock was married to Betsy-(Elizabeth) Bensinger in 1777 or 1778, their first child was born in 1780, they had eleven Children. Six of these were born at Valley Forge, and the other five were born in Cumberland Co., Pa. near Churchtown (now Allen). Mary or Maria Stroock born at Valley Forge, Pa. 1780. Single-died in Medina Co., Ohio. John Henry Stroock born Nov. 14, 1781 at Valley Forge, Pa. Veteran of War of 1812-died Dec. 11, 1830 in Ohio.

Mollie Strock-Ludwick later Lodwick, was changed first from Ludig to Ludwick, was a relative of John Ludig, Count of Sayn, Hohenstein and Wittgenstein, with the father of Joseph and his brothers had the dispute that cost him his life and that of his brother, the father of Johann Jost Strock of 1764. Betsy (Elizabeth) born 1784 at Valley Forge, Pa., died in Ohio. Married a Mr. Clinger. George Strock born Apr. 23, 1786 Valley Forge, Pa., died May 11, 1867 at Newton Falls, Ohio. Married Elizabeth Lotman-12 children. Veteran of War of 1812. Joseph Strock Jr. born July 7, 1788 Valley Forge, Pa. died Nov. 7, 1851 in Mahoning Co., Ohio. Jacob Strock born Apr 1, 1793 in Cumberland Co., Pa. died Apr. 3, 1872 near Canfield, Ohio. Hannah Strock born 1795 in Cumberland Co., Pa., date of death unknown, buried at West Salem, Ohio, Married Joseph Stittle. Samuel Strock born May 7, 1799 in Cumberland Co., Pa., died June 29, 1878 near Pricetown, Ohio. William Strock born June 21, 1801 Cumberland Co., Pa. died Mar. 20, 1858 near Canfield, Ohio. John Strock, the youngest child of Joseph and Betsy (Bensinger) Strock born 1804 in Cumberland Co., Pa. came to Ohio abt. 1815, the dates of birth and death not known. Lived in Ohio and Michigan. Married and had 13 children, three died of fever at Lordstown, Ohio.

John Strock, born in Wurtemberg, Germany abt. 1746 was taken by his mother along with his youngest brother Joseph to Alsace-Lorraine, France in 1750. In 1757 instead of being taken by his mother and step-father Mr. Sassaman along with Joseph, John was taken to Charleston, South Carolina by either friends of the family or by relatives of another name. (The reason for not giving the exact dates on John and Joseph and the names of Ships they arrived on, stems from the fact that this recording was not kept from 1755 to 1762 by the English, due to trouble between France and England at that time). These records were kept by the English from 1729 to 1776 giving names of 30,000 men bought from Germany during those years. Only males of over the age sixteen were recorded, so it is not possible to give the exact number of people who came from Germany to America at that time. As the listings are for only English Ships, sailing mostly from the port of Rotterdam to first English Ports then to America. Nothing is known of people arriving on Ships from other countries during this period. John Strock arrived in 1757 at Charleston is best that can be done. John settled in the North Orangeburg District of South Carolina near Elloree. The 1790 census lists him as having five daughters and one son under sixteen at home. Through correspondence to descendants, a large amount of his family through the son are known.

Johannes Strack-Strock of the seven brothers to come to America, leaving Alsace-Lorraine for Rotterdam, he sailed on the Ship Prince of Wales, commanded by Capt. James Edgar, being over sixteen took the Oath of Allegiance to the English Crown at Cowes, England. He arrived at Philadelphia on Nov. 5, 1764. Settled in Pennsylvania, known to have married and having family. Sad to state however there is no data on his descendants. (One thing not mentioned is whether these seven men had any sisters, and if they did, there is no record of them.

Johann Jost Strack-Strock, a first cousin to the seven brothers, and with Johannes Strock helped escort the widowed Mrs. Strock, his aunt and her two youngest sons to Alsace-Lorraine, remained in Alsace-Lorraine until 1764, going back to to his old home town of Puderbach, and was granted permission to leave for America by the old Over-Lord with the provision that he nor any of his kin that had fled Germany because of the dispute ever return to Germany, and as long as the edict was obeyed, as he was concerned, the incident was closed.

Johann Jost Strack-Strock sailed from Rotterdam on the Ship Sarah commanded by Capt. Francis Stanfield, Johaan Jost took the Oath of Allegiance to the English at Portsmouth, England, and he arrived

in Philadelphia on Sept. 20, 1764. After landing, he went directly to Cumberland Co., Pa. and settled near Churchtown (now Allen) near Carlisle, Pa. He became known as the Joseph Strock of 1764. He donated land for a school and a church at Churchtown. He married the daughter of a fellow passenger on the Ship Sarah, whose name was Wiese (Wise). This Mr. Wise was a veteran of the Revolutionary War and through Joseph's wife, the descendants are entitled to the D.A.R. or S.A.R.. Joseph had three children, a daughter, the oldest named Elizabeth and two sons, Joseph and Jacob. Descendants of Elizabeth still live in the Carlisle, Pa. area. A great deal of data on the families of the sons has been collected.

Four other Strack-Strocks settled in Philadelphia around 1785, they being four brothers, Joseph, Christian, Samuel and John Daniel Strack. Christian was a Catholic by religion, the other three were Protestants. Joseph, Christian and John Daniel were in what is known as the Kensington District of Philadelphia and that Samuel moved to Chambersburg, Pa. All married and had families, but I have no data on the descendants of Joseph or Christian. On John Daniel there is some data, and on the descendants of Samuel of 1785 there is quite a lot that is up to date. I can not say just how closely related these four men were to the eight already named. (Much of the older data being lost or misplaced makes it impossible to give exact relationships.)

Besides these twelve known closely related families of Strack-Strock, there are other families of Strack-Strock that are related to them, as they came at Different dates, one earlier and two much later. (Information from Germany, says that all Immigrants from Germany bearing the name Strack-Stracke are all from the same family line. (Stracke) is a variation of the spelling Strack. Many Stracks have come to America, but never changed the spelling, so from that it can be seen that the Strack-Strocks many relatives they know nothing about, and it probably is the cause of many of us to remark that person looks just like so and so of their own family.

The first known Strack-Strock to Arrive in America was Johann Peter Strack, coming from the lower Palatinate District of Old Germany, he sailed from Rotterdam on the Ship Pennsylvania, commanded by Capt. John Stedman. Johann Peter Strack took the Oath of Allegiance to the English Crown at Plymouth, England. He arrived in Philadelphia on Sept. 11, 1732, settled in Pennsylvania. Nothing is known of any descendants.

Philip Stracke-Strock came from Germany in 1860, and settled first near Lancaster, Ohio then Union City, Indiana. His oldest child, a daughter was born in Germany and six other children in Ohio. Names of these children are not known but three grand children are Ray Strock of Union City, Indiana and Ira and Earl Strock, brothers that live in Anderson, Indiana.

In 1870, a Henry Strack-Strock with his wife and four sons, Jacob, John, Alfred and Daniel came to America and settled first somewhere in western Illinois. The four sons later left Illinois, one going to Storm Lake, Iowa and the others to Yates Center, Kansas. The only member of this family that has been contacted is Charles R. Strock of Covina, California. Charles could not give much data on this family as his mother died when he was young and he was raised by different families and lost touch with relatives. He did say that his grand father left two sons and a daughter in Germany but could give little on them except one sons was named Louis and the daughter was named Elizabeth.

There were several other families now bearing the name Strock, but using a different spelling, all came from the same locality of Old Germany, the Lower Palatinate District, and at near the same

times as the Strack-Strock were coming. Not having enough data on any of them I can not, and will not attempt to say that they are related to the Strack-Strocks. I am listing them so if any of their descendants see this Sketch, it is my hope that they may contact me and help clear the subject up, or give me as much data as possible so all will have a chance to establish a firm line of Descent.

Adam Strauch, from the Lower Palatinate District, sailed from Rotterdam on the Ship Saint Andrews Galley, commanded by Capt. John Stedman. Adam Strauch took the Oath of Allegiance to the English Crown at Cowes, England, arriving in Philadelphia Sept. 26, 1737. Settled in Pennsylvania. No other data.

Simon Peter Strauch from the Lower Palatinate District of Old Germany, sailed from Rotterdam on the Ship Windsor commanded by Capt. James Good. Simon Peter Strauch took the Oath of Allegiance to the English Crown at Cowes, England arriving at Philadelphia on Oct. 27, 1753. Settled in Pennsylvania.

Jacob Strach from the Lower Palatinate district. Sailed from Rotterdam on the Ship Halifax, commanded by Capt. Thomas Coatem. Took Oath of Allegiance at Cowes, England and arrived Philadelphia on Oct. 22, 1754. Settled in Pennsylvania.

Johan Heinrich Strauch from the Lower Palatinate District, sailed from Rotterdam on the Ship Pallas commanded by Capt. Richard Milner. Took Oath of Allegiance at Cowes, England and arrived at Philadelphia on Nov. 25, 1763. Settled in Pennsylvania.

In 1802, a Wilhelm Strock arrived at Philadelphia and settled there. No other data.

About 1805 or 1807, two families by the name Strock arrived in Boston, Mass. and settled there. While many descendants are known, have found no name for the heads of these two families or number of children each had.

A Charles A. Strock born Aug. 25, 1813 Hanover, Germany; died Oct. 11, 1855. His wife, Caroline W. Funk born June 18, 1806 in Lobenstein, Germany, died Apr. 18, 1892 at York, Pa. They came to America in the late 1830's. Their four children born after they settled at York, Pa. are Mary Elizabeth Strock-Deitch born Jan. 29 1840; C. Sophia Strock-Craver born Nov. 4, 1848; Charles A. Strock Jr. born Mar. 4, 1843 and Augustus C. Strock born Feb. 4, 1845. Some data on the children and grand children till abt. 1912.

The last addition to the Strock family is that of Richard Strock. He was born Richard Strzok of Polish Descent in Wisconsin. (Strzok is pronounced Strock). He is an Officer in the US Army-Dental Corp. In order to avoid confusion over spelling-pronunciation, he legally changed name to Strock in 1960.

This lists contains only names of people that used the spelling Strock that are known to the writer of this sketch, and is not claimed to be fully complete, as after 1776 it is possible that others of the Family name came to America, and made their homes and have been missed or never contacted.

Edwin E. Strock
518-32nd St.
South Bend, Indiana 46615

Now as I stated at the beginning of these last five pages, this is the thoughts of my father. I myself have not as yet attempted to spread my knowledge on these others Strock families. I have how-

ever found some errors on the part of our own line which I have corrected in my write up such as where our Joseph lived and more on each of his children than was known a few years back. I have also in my census searching turned up some other Strack-Strock families unknown to Edwin. If there is any relationship near or far among all these other families and ours, I have yet to uncover it.

Edwin so wanted our ancestor Joseph to be living near Valley Forge as tradition says he did business with the Army there. It has been found out however that many who did supply food and other items were not necessarily only ones who lived close by but some traveled many miles. As our Joseph did live well within a distance that he could have covered, it may so then be true that he did so bring some supplies. There are many questions that come to mind on our ancestor, Joseph, and hopefully some day more will be answered.

So we will leave you with that thought and maybe someone will take up the search for more that is out there someplace.

Now the last thing before we get into the Descendants of our Ancestor, JOSEPH STROCK is an explanation of these designations I have used before each name.

All the "G" stands for is generation. Counting our Joseph as 1st generation, each of his children would be G-2's or 2nd generation. Grand children would be G-3's, great grand children G-4's etc.

The letter after the numbers tells what child a person is of the family he is in. Say a G-5 had five children, then the oldest of theirs would be G-6-A, second oldest a B, third a C etc.

Now please remember that all female descendants are listed under their maiden names so if it is your mother that fits into a blood descendants of our Joseph, she will be listed with her maiden name and her husband included in the data on her. Of course then there children have their fathers name and are listed as such.

To trace back for our grand father, great grand father etc., we first must establish our place in book from index. Say we find that you are a G-6-B. Now first this means you are sixth generation and a second child. Your father or mother will be the first G-5 listed preceeding you in the data. And then your grand father or mother will be the first G-4 preceeding you and so on back till you get to your G-2 ancestor who is a child of our JOSEPH. The name of your G-2 ancestor is also at the top of each page that is their section of the book.

Now our children get the next higher number than ourself so if you are a G-6-B, your oldest child will be a G-7-A, second child a G-7-B etc. Their children will be G-8's and their grand children G-9's. If you were to add on to your family and say you are the highest number listed at the time of this printing or included in the data of this book and wanted to put them down as they are born or added in, remember all you need to do is to list them as one number higher than yourself then use an A for first, B for the second etc.

Now if we find we are say a G-6-B and that our mother or father is say a G-5-C meaning they are a third child of the previous G-4, it will be noted that all G-5's between their parents and the next G-4 are brothers and sisters and the G-4's are also brothers and sisters in this group unless you come to a G-3 before anymore G-4's are shown.

I hope this is not all too confusing but have found it better and more informative than other methods I have seen used for this type of work. It is also the only one I could find that could be added to so easily without breaking into a series of numbers without having to add a letter after the number as new people were found to add into this work.

Now I am sure all understand that the more generations you must go back to find a common ancestor with another person listed in this book, the further apart we are relationship wise. If you have to go back to a G-2 from one section to another G-2 of another section that we know are brothers, sisters or brother and sister and the person you want to relate to and your self say are both G-6's, this would make your relationship that of 4th cousins.

To anyone that wishes me to place there relationship to another in this book, my address is on page II and will gladly figure it out for you.

I wish to thank all who have helped me with data on their families and will appreciate any future updates that you can send to me.

Her marker is flat on ground and not readable but a reading taken in 1970 said CATHERINE wife of HENRY STROCK died September 1854 age 73/75y 1m. Although the 1932 book on the JOSEPH STROCK family lists him as JOHN HENRY STROCK, census records and his marker call him HENRY. He is said to have been a veteran of the War of 1812 but have not been able to find a JOHN HENRY in records but may have been just JOHN or HENRY in records. Present day records show that the part of Pery Co., Pa. the family lived in would be now Saville Twp. Upon coming to Ohio in the fall of 1814 following his parents and wife and children, he soon moved on to Tuscarawas Co., Ohio to the south west of the rest of the family. Myron was married three times. First marriage in Holmes Co., Ohio on 19 February 1857 to AIRY E. KELLEY born 12 January 1839 Holmes Co., Ohio; died 23 April 1875 Brashear, Missouri. She is buried in the Paulstown cemetery which is a couple miles northeast of Brashear. Second marriage on 30 November 1880 to CORDELIA C. RIDGE born 25 September 1838; died 9 January 1904 Brashear, Missouri. She is buried with MYRON in the Brashear cemetery. MYRON'S third marriage was at Joplin, Missouri on 2 June 1906 to DRUCILLA E. BRUBAKER born 15 March 1849; died 27 April 1929. The marriage was preformed by WILLIAM H. JONES M.E. Minister. DRUCILLA was a widow of HENRY H. BRUBAKER born 11 September 1848; died 28 June 1904. She is buried with HENRY in grave site next to south of MYRON in the Brashear cemetery. Her maiden name was EAGLE.

MYRON was one of five brothers who served in the Civil War. He enlisted as a private at Millersburg, Ohio on 19 August 1861 in Co. "B" 16th Ohio Volunteer Infantry and was discharged at Camp Chase near Columbus, Ohio on 31 October 1864. He was promoted to Corporal on 6 August 1862. He was taken prisoner at Chickasaw Bayou near Vicksburg on 29 December 1862 and released in prisoner exchange in November 1863 and returned to duty at Wooster, Ohio then being returned to his unit. He is described in his service record as being 5ft. 6inches tall, fair complexion, blue eyes and dark hair.

He filed for an Invalid Pension 8 July 1890. He claims to have suffered sun stroke while on a forced march in Louisiana in June 1864 and problems with his right eye since being on the coast of Texas. He later lost this eye in an accident in 1873 while using a hammer that part broke off hitting his eye. He gradually lost the site of other eye becoming blind by 1922.

From an article on Old Soldiers in the Kirksville, Missouri Express, the following was taken:

MYRON STROCK was one of five brothers, two others being married and two unmarried that served in the Union Army. Recieved seven bullet holes in uniform. Had close call at Vicksburg as cannon ball hit tree he was behind. Was a prisoner 76 days. Says he was engaged in 22 battles in 34 states and traveled 13,000 miles. Old Veterans tend to exaggerate. Another account says six states and 1,300 miles. Says tobacco has helped relieve the pain of tooth aches. He is in good health and hearing although his sight has been poor for many years.

JOHN HENRY STROCK

After his first marriage in Ohio, he is listed in the 1860 Ohio census as living in Knox Twp. of Holmes Co., Ohio. He is listed as a Woolen Factory hand. His parents BENJAMIN & MARGARET STROCK with his younger brothers and sisters are living in dwelling next to him in census lists. MYRON left Ohio in 1865 going to Muscatine Iowa then in April 1866 went down river to Canton, Missouri from where they traveled overland to Adair Co., Missouri and settled on farm near Brashear. They lived here until 1924 when he and third wife moved to live with his daughter, MARY ELLEN and her husband AMOS PROBST at 801 Illinois St. in Kirksville, Missouri where they lived till death.

MYRON also besides farming was R.R. Station agent at Brashear for 10 years and was County Collector from 1895 till 1899.

SYLVIA STROCK born 4 July 1869 Mahoning Co., Ohio; died 11 September 1884. She is the last child of JOSEPH STROCK, son of JOHN HENRY STROCK. She is buried next to her mother in Canal Street cemetery at Newton Falls, Ohio.

G-3-K

JULIA STROCK born 4 April 1828 Austintown, Ohio; died 14 November 1864 West Austintown, Ohio. She is buried in old cemetery at the corner of Lanterman Rd. and Four Mile Rd. in northeastern Austintown Twp. of Mahoning Co., Ohio. JULIA'S husband's parents and a sister of his are also buried near her. Two other brothers of her husband are in same cemetery. Married by JOHN MOORE J.P. on 7 April 1846 to ROBERT HILL born 17 January 1822 Pa.; died 17 January 1900. He had remarried after her death. Her marker says died November 14, 1864 aged 36y 7m 10d. ROBERT HILL was the 2nd child of ROGERS & ELIZA (CHAMBERS) HILL, he born 31 January 1799 Sussex Co., Delaware; died after 1881 and she died 4 February 1873 aged 72y 10m 14d from her marker which is in three pieces. (1982) ROGERS was not readable in 1982. ROGERS & ELIZA were married in Pa. on 20 September 1820 and had thirteen children. They moved from Columbiana Co., Ohio to Mahoning Co., Ohio in 1833 and a few years later to Washington Co., Ohio. In 1872, they returned to Mahoning Co. where she died and he remarried PHOEBE ANDERSON of Hubbard, Ohio in 1874. ROGERS HILL was a son of ROBERT and PATIENCE (ROGERS) HILL who moved from Delaware to Redstone, Pa. in 1804 and then to Columbiana Co., Ohio in 1806. His family were from Holland and her father was an English Sea Captain.

A brother of JULIA'S husband ROBERT by the name of JAMES P. HILL married a daughter of JULIA'S older brother, ABRAHAM STROCK, her name being LUCY STROCK.

ROBERT HILL, JULIA'S husband was a farmer and blacksmith. They lived in an area southwest of Austintown, Ohio.

That JULIA was born in Austintown Twp. of Mahoning Co., Ohio would seem to indicate her father moved here between 1823-1828. (Ten Children)

G-2-C

MOLLY (MARIA MAGDALENA) STROCK born on 27 December 1783 in old Berks Co., Pennsylvania (exact place unknown at present) died after 1850 most likely in Austintown Twp. Mahoning Co., Ohio. Probably named after her mother's mother, MARIA MAGDALENA (FREY) BENSINGER. Married in what was then Tyrone Twp. Cumberland Co., Pennsylvania by WILSON MC CLURE on 16 May 1805 to PHILIP LUDWICK. Her brother GEORGE was one of the witnesses. PHILIP is the son of BALTZER LUDWICK who came from Chester Co., Pa in the 1790's to Newton Twp. of Cumberland Co. and between 1800 and 1810 to Tyrone Twp. of same Co.. Although married, PHILIP LUDWICK does not appear in 1810 census but is in 1817 tax recors there showing still in Pa. in 1817.

It does not seem that they moved to Ohio with the others as has been said but since showing on the tax lists must have moved to Ohio later. PHILIP LUDWICK does appear in the 1820 and 1830 Ohio, Trumbull Co. census as in Austintown Twp. Not located in 1840 but in 1850, a MARY LUDWICK age 66 appears in the Mahoning Co., Austintown Twp. records. She is with another MARY age 36, a MARY LUDWICK age 8 and an ELIZABETH HAWKER age 15. ELIZABETH HAWKER is a grand daughter.

Although known as MOLLY from the 1932 STROCK book as she is referred to in his Will, seems probable that she would also be MARY from name MARIA. Some confusion could arise as JOSEPH STROCK also had a daughter called MARY in his Will, his oldest child.

From age brackets in census records, would seem PHILIP was near same age age MOLLY and fact that he does'nt show up in 1850 census with her should mean he had died by that time.

Much credit for the listing of descendants of PHILIP and MOLLY are due to JEAN F. THAYER of Youngstown, Ohio who I came in contact with in 1981. She has the original of MOLLY'S birth certificate and marriage cretificate of which copies I now have. It had been obtained a second cousin of her hrandmtoher. It was SOPHIA (PHIDY) DAVIS who had saved these old records.

Although exact size of family not known for sure, the 1820 Ohio census lists one son and five daughters. This seems to conform to what else has been found at present. Exact ages for most not known at present. At least one other LUDWICK family lived in the same area of Ohio, possibly a brother of PHILIP. My present belief is that the PHILIP LUDWICK family lived in the south western quater of Austintown Twp. presnt day Mahoning Co., Ohio.

The reason for change from LUDWICK to LODWICK not known but was evidently used in some parts of the family. All early records of it is LUDWICK.

From 1820 census, five daughters and one son are shown with one daughter being over 10. Son DANIEL is also known to have been born prior to 1810 but census records are not always accurate. From the 1830 census, it would seem likely that one of the daughters is no longer with the family and a son in the age group of being born prior to 1810 is there but also an extra male of 30-40 listed but not known who. Also two females under 5. A guess would be that a daughter had married, had two children, died before census and the husband and two girls living with PHILIP and MOLLY..

PHILIP LUDWICK appears in the tax records of Tyrone Twp. Cumberland Co. Pa. in 1805 as owning one cow and also in 1817 with one cow. This would seem to indicate that the LUDWICK family did not go to Ohio at same time as the rest.

GEORGE STROCK

G-2-C

GEORGE STROCK was born on 23 April 1786 in old Berks Co., Pennsylvania (exact location not known at present) died on 11 May 1867. Trumbull Co., Ohio records say he died at Paris in Portage Co., Ohio but some say he died at his farm in Newton Twp. Trumbull Co., Ohio these two places not being far apart.

He was married in Tyrone Twp. then Cumberland Co., Pa. but today located in Perry Co., Pa. the county of Cumberland being broken up to form Perry Co. on 22 March 1826 and the Twp. of Tyrone was also divided at an earlier date. Date of marriage was 19 April 1808 to ELIZABETH LOTMAN (LUTMAN) and other spellings born 25 April 1788 Cumberland Co., Pa.; died 6 August 1867. Also believe she died in Trumbull Co., Ohio and that their son AARON and his family was living with them at this time as he was in the 1860 Ohio census listings. Both GEORGE and ELIZABETH are buried in the old cemetery on Canal Street in Newton Falls, Ohio.

GEORGE was a veteran of the War of 1812. From Pa. Archives, GEORGE STROCK is listed as on March 1, 1814 as 2nd Sergeant in Captain David Morelands Volunteer Rifle Company, 1st Brigade, 7th Division Pennsylvania Militia. His service record has him as in Captain Moreland's Company of the 5th Reg't Pennsylvania Volunteers from 24 February 1814 till discharge in New York at Albany on 22 August 1814 being a Sergeant. A JOSEPH STROCK also served in this same Company as a Private and may have been GEORGE'S brother. Family tradition says he was in at same time as older brother, JOHN HENRY STROCK. From GEORGE'S service records, his pay was \$11 a month and on discharge, he received 35¢ a day plus 17¢ a day rations for his trip back to Cumberland Co. which was about 400 miles. The story goes that upon returning home, he and brother found that their families had all moved to Ohio and not having the money to waste, they walked to Ohio to join their families. GEORGE'S pay for the trip back to Cumberland Co. from Albany was \$10.49.

Upon reaching Ohio, he first settled in Canfield Twp of what was then part of Trumbull Co. but since 1846 a part of Mahoning Co., Ohio. His 5th and 6th child were born in Canfield Twp. the older were born in Tyrone Twp. of Cumberland Co., Pa.. Late in 1819 or early 1820, he moved to Ellsworth Twp. of then Trumbull Co. where the last of his children were born. Then in the 1830's he moved to Newton Twp. of Trumbull Co. and bought a farm south of Newton Falls which is located on what is now the south west corner of what is now known as Newton Falls county line rd. and Hott-West rd. He had abt. 125 acres. The farm extended on both sides of rd. It adjoined on the part on east side of rd. to the north by a farm owned by his oldest son MOSES and to the south on the west side of rd. by his daughter SUSAN and her husband WILLIAM N. SUTTON in the 1850's. His home was located on the west side of rd.. It was located abt. 1.3 miles north of the Mahoning Co.-Trumbull Co. Line. After his death the farm was sold and owned by a C.P. LEYDE and at still a later date, the land was in owner ship of WARREN A. LAWRENCE who had married JULIA SUTTON, a daughter of GEORGE'S son AARON'S oldest daughter ANNA A. STROCK who was married to her aunt SUSAN (STROCK) SUTTON'S husband WILLIAM N. SUTTON, SUSAN having died in 1872 and he remarried in 1873. JULIA married WARREN A. LAWRENCE in 1902. Present owners not known.

Other bits of information concerning GEORGE and ELIZABETH are: In a letter of MILTON STROCK who is a son of AARON STROCK on or Abt. 1930, he states as remembering that his grandfather GEORGE having an operation for "Gravel" and dying 18 days later. AARON and his family lived with GEORGE and ELIZABETH from in the 1850's till after the deaths of GEORGE and ELIZABETH. AARON and family had been in Missouri and lived here after their return till about 1870 when they moved to Michigan.

In another letter from WALLACE WILFORD STROCK to KENNETH KYLE STROCK, he tells of GEORGE leaving a \$5 Gold piece to each of his children. WALLACE had the velvet bag but not the coin left to his father MOSES, but did have a silver 5 Franc piece that was part of

GEORGE STROCK

GEORGE'S pay when he was discharged from the War of 1812. This coin was dated 1815. He tells further that GEORGE and his brother JOHN HENRY were not discharged till 1815 and when they got back to Cumberland Co. found that their wives and nine children along with parents, brothers and sisters had all gone to Ohio. They followed on foot. Now this is not in line with GEORGE's discharge in August of 1814.

Now in the Tax records of Tyrone Twp. Cumberland Co., Pa. for 1808, GEORGE is listed as a freeman, his father JOSEPH is assessed for 474 acres of land and HENRY STROCK listed with 32 acres, two horses and three cows. They do not show up on 1814 tax lists as does father JOSEPH, who has two parcels of land, one of 350 acres and one of 114 acres besides two horses and three cows.

According to a History of Perry Co., Pa. GEORGE and JOSEPH were listed as residence of Saville Twp. Perry Co., but this is a later date placement so would indicate that this is most likely the present day area they lived in as Saville Twp. was part of Tyrone Twp. till 1817.

GEORGE'S wife ELIZABETH was the daughter of EBERHART and CATHERINE (GORGAS) LUTTMANN (One of several spellings). EBERHART was born 15 March 1760 Lancaster Co., Pa.; died 1807 in Cumberland Co. Tyrone Twp., Pa. From the records, EBERHART is listed in the 1805 tax records with 250 acres and four cows in Tyrone Twp. In the 1817 assessment of Tyrone Twp., CATHERINE LUTTMAN is listed with 212 acres and one cow. CATHERINE was born abt. 1763 most likely in York Co., Pa. and died 1839 on her farm in what is now Perry Co., Pa. EBERHART and CATHERINE were married in York Co., Pa. on 2 April 1782 and they had eight children. EBERHART appears on the Cumberland Co. tax records in 1782 and as married in 1784 but no land. The family was located in what is now Saville Twp. of Perry Co., Pa. in the 1800 census and in the 1810 census, CATHERINE was in Centre Twp. both of which were formed from Tyrone Twp. Most likely same place but due to changing boundaries ended up named in another location.

EBERHART was the 5th child of MICHAEL and ELIZABETH LUTTMAN. MICHAEL arrived in this country at Philadelphia on the ship, "Royal Union" 15 August 1750. Most likely married shortly after arrival as first child born 7 June 1751. He died in April or May 1762 as recorded in Trinity Lutheran Church of Lancaster, Pa. His wife ELIZABETH died 3 October 1801 aged 77 and is buried in New Danville Mennonite cemetery a little south of Lancaster, Pa.

EBERHART served with the 6th Regiment of Lancaster Co., Pa., commanded by Col. ROBERT MAGAW, Captain JOHN DOYLE, Lt. THOMAS DOYLE and Lt. ED SPEARS for three years. From Pa. Archives series 2 Vol. 3 pages 170-171, the 6th Pa. Regiment with the 3rd, 9th and 12th were attaches to a division composed mostly chiefly of New Jersey troops. From Lancaster Historical Soc. Vol. 71 #2 page 131 says that Major JOHN DOYLE and Captain JOHN DOYLE served with WASHINGTON'S Army.

EBERHART'S wife CATHERINE GORGES-(Several spellings) was the daughter of BENJAMIN and SALOME (HAGEMAN) GORGAS it is believed at the present time. Research by a J. LAWRENCE GORGAS of Homewood, Illinois does not substantiate this as he says the CATHERINE who was a daughter of BENJAMIN married a man named DAVID JONES. Mr. GORGAS who has worked on the GORGAS family for many years says that there are many untied loose ends where are CATHERINE GORGAS may have come into possibly a brother of BENJAMIN'S or brother of his father, JOHN (JAN) GORGAS who no record has been found on. Quite extensive records on the GORGAS family have been collected and to the RITTENHOUSE-RITTENHAUSE and various other spellings so if connection can be proven out were carry some ancestry far back.

MOSES LOTMAN STROCK born 16 June 1809 in what was then Tyrone Twp. Cumberland Co., Pa. but now in an area that is located in Perry Co., Pa.; died 8 September 1894 Liberty Twp. Wood Co., Ohio. He was married three times. First marriage in Austintown Twp. present day Mahoning Co., Ohio by SAMUEL MC MILLAN J.P. on 11 January 1838 to SUSANNA BRICKLEY born 12 January 1819 Ohio; died 12 May 1868 at their home south of Newton Falls, Ohio. She is a daughter of ANDREW and SUSANNA (FLICK) BRICKLEY. Second marriage in Newton Twp. Trumbull Co., Ohio on 13 May 1869 to MARILLA BRIGHT born 31 March 1835 Ohio; died 22 November 1872 Newton Twp. Trumbull Co., Ohio. She is a daughter of JAMES and CATHERINE BRIGHT. Third marriage in Newton Twp. Trumbull Co., Ohio in 1874 to MARY ANN (BRUNSTETTER) HARDING. MOSES and his first two wives are buried in the old cemetery on Canal Street in Newton Falls, Ohio. Any additional data on third wife not known at this time. As she was married before, is possible she was buried with first husband. Also possible she died while MOSES was in Wood Co., Ohio and buried there.

MOSES learned the Weaver's trade and worked in his uncle JOSEPH STROCK'S store at Cornersburg, Ohio. Is found in the marriage records he was a J.P. performing marriages in 1836. In 1839 after his first marriage, he bought a farm in Newton Twp. Trumbull Co., Ohio that bordered his fathers south of Newton Falls, Ohio. It was of 80 acres just north and across rd. on east side. Here all his children were born. The farm after MOSES death was owned by his 7th child, NEWTON ORLANDO STROCK.

She was born in Portage Twp. of Wood Co., Ohio the daughter of JAMES and ANNA TABERN. Both are buried in cemetery north east of Pierpont Ohio on Creek Rd.

It is through the efforts of WALLACE that much of the early records for the 1932 book on JOSEPH STROCK were kept. He had abt. 1880 started to keep records on the families and had obtained from his father, MOSES L. STROCK, a great deal of information applying to the early families. The effort to put the book together was helped both by his brother SYLVESTER and a cousin, CLAUDE JOHN-SON through correspondence to as many family members as could be

GEORGE STROCK

reached. WALLACE started loosing his sight about 1930 and was blind from 1936 till his death in 1947.

WALLACE and a cousin HOMER STROCK went to California and tried to start a town which they named Mound City. They mapped the town out, built a house and store but an oil stove caught fire and burned the store down. The town was not attracting people so they left, WALLACE returning to Wood Co., Ohio. The site is now known as Loma Linda, California.

Mahoning Co., Ohio by HENRY BOYD J.P. on 8 July 1830 to WILLIAM DIEHL born 15 January 1806 Pa. died 5 July 1875 Adams Co., Indiana. Both are buried in Zion Cemetery located in Kirkland Twp. Adams Co., Indiana on Co. rd. 500W about $\frac{1}{2}$ mile north of St. Rd. 124. They lived in Ellsworth Twp. of what was then part of Trumbull Co., Ohio till the early 1850's when they moved to Adams Co., Indiana where he farmer. They had

GEORGE STROCK

lived in the north east quarter of Ellsworth Twp. where both their parents lived, her parents moving away in the 1830's. WILLIAM'S father is in the same household in the 1850 Ohio census and as he died on 22 September 1852, I believe WILLIAM and ELIZA moved on to Indiana in 1853. WILLIAM'S parents were PHILIP and ELIZABETH DIEHL. PHILIP was born 1766; died 22 September 1852 and ELIZABETH was born 15 November 1770; died 27 October 1848 and both are buried in old cemetery near Geeburg at corner of Gault Rd. and Palmyra Rd. in Ellsworth Twp. Mahoning Co., Ohio. Two of PHILIP'S sons are also buried there with another in the Ellsworth cemetery.

PHILIP was born in Virginia where his father SAMUEL had settled after arriving from the old country having come from somewhere near the headwaters of the Rhine River. They moved to Bedford Co., Pa. in the 1790's where SAMUEL died. A search of early Immigrants records has revealed no SAMUEL DIEHL although 29 different men bearing this name, DIEHL, are listed on 21 different ships in RUPP'S 30,000 Immigrants. They came from 1739 to 1774 in the lists. These are for ones arriving at Philadelphia.

AMOS C. STROCK born 6 November 1819 Canfield Twp. present day Mahoning Co., Ohio; died 30 December 1888 Boulder Co., Colorado most likely at or near Hygiene. He is buried in old cemetery that is located on north side of Hygiene Rd. abt. $\frac{1}{2}$ mile east of the town of Hygiene. The cemetery is located behind a Brethren Church that was established in 1880 according to it's markings. Several other members of his family are also buried here all in a row with some open spots in which others may have been buried but no markers now standing. There are also many markers of a red stone type that are smooth and unreadable at present. 1981.

AMOS was married twice. His first marriage at St. Joseph, Missouri in abt. 1846 to LUCRETIA F. _____ (?) born 25 May 1825; died 30 May 1848. Place of burial unknown. A second marriage in Missouri on 11 December 1848 to ELIZABETH BEATTIE (several spellings) born abt. 1827 in Virginia; date of death unknown but must have been prior to 1870 as she is not listed with him in 1870 Colorado census. I believe she probably died before he made the move to Colorado which is said he did early in the Civil War and was in Andrew Co., Missouri. ELIZABETH is a daughter of DAVID and NANCY (CLARK) BEATTIE. NANCY was born abt. 1790 in Virginia and was in the 1850 Missouri census living with AMOS and ELIZABETH which would seem to indicate that husband DAVID was dead by then. She (NANCY) was the third of seven children of JAMES and ISABELLA

GEORGE STROCK

(BRECKENRIDGE) CLARK. JAMES was born abt 1754 in Argylshire, Scotland; died 21 December 1818 and is buried in the Old Glade cemetery in Washington Co., Virginia. He married Isabella in abt. 1783 and lived in Washington Co., Virginia.

DAVID BEATTIE is a son of WILLIAM and MARY (ALLISON) BEATTIE. WILLIAM was born abt. 1760 in Virginia and died 4 April 1860 and is buried in the Old Glade cemetery in Washington Co., Virginia, with his wife who died 16 April 1830. WILLIAM is a son of JOHN and ELLEN (GILMORE) BEATTIE. JOHN was born in Ireland. He came to America and first settled in Maryland. Was in Augusta Co., Virginia abt. 1747 and was in Washington Co., Virginia by 1770. JOHN died abt. 1790 and is buried in Washington Co. as is his wife who have no dates on.

Dates of birth and death of DAVID BEATTIE not known but seems most likely born before 1790 and died prior to 1850.

AMOS left Ohio abt. 1845 with his younger brother, JAMES, they making the trip mostly by boat its said. They settled in Andrew Co., Missouri where AMOS became a Merchant in Savannah which is north of St. Joseph. He was a partner with a DAVID WALTER for a time and sold goods in Savannah, his brother taking up farming to the east of there. Early in the Civil War, he went to Colorado and lived in Boulder Co. near Gold Hill where he lived till in his old age lived with son DAVID B. STROCK. Is said to have had a gold mine which he left to this son.

He is buried near father in old cemetery near Hygiene, Colorado. She is buried in Angels Abbey Mausoleum at Compton, California. She is the daughter of WESLEY TETER, a miner who was at Downieville, California in 1849 Gold Rush days. He died abt. 1905 in Colorado. DAVID probably got his middle name from his mother's mother's mother who was ISABELLE BRECKENRIDGE who married JAMES CLARK abt. 1783. DAVID STROCK is found in the 1870 Colorado census living with father who is listed as 52 and DAVID as 16. DAVID is listed as working in mine and father AMOS as miner. In the 1880 Colorado census, a D.B. STROCK age 26 is living in a Hotel and is listed as miner born in Missouri. It is believed that DAVID farmed after his mining days. His father AMOS lived with him in his last days and they probably lived in the vicinity of Hygiene at that time. Jamestown is just a few miles north of Gold Hill where AMOS STROCK lived for some time. As Longmont is the closest town of any size near Hygiene and Niwot is a few miles south of Hygiene. First wed on 8 June 1852 to CATHERINE BAUM born abt. 1826-1828; died 1861 in Pulaski Twp. Williams Co., Ohio. Second marriage in 1863 to CATHERINE JANE MILLER born 18 March 1839 Columbiana Co., Ohio; died 5 October 1915 Williams Co., Ohio. She and WILLIAM are buried in

GEORGE STROCK

Bryan, Ohio in cemetery on Ohio St. Rd. 15 in south part of town on east side of road. CATHERINE JANE MILLER is the daughter of HENRY J. and RACHEL MILLER. WILLIAMS first wife had lived in the home of his father GEORGE prior to their marriage and is shown in the 1850 Ohio census there. Where she is buried not known.

WILLIAM walked across Ohio in the 1850's most likely 1854 to look at land in Williams Co.. He went home and bought back his wife and first child and lived first in Jefferson Twp. of Williams Co. Later he bought farm to the south in Pulaski Twp. where he spent the rest of his life.

WILLIAM was a farmer, blacksmith, stone hewer and carpenter. He built his home in Pulaski Twp. with foundation of stones he cut and the beams of house are 16x16 Black Walnut he hewed himself. His barn was of Oak beams all done by himself in shaping. He was well liked by all his neighbors and when ever a new barn was built, he was given the honor of hewing out the first beam, all saying that if Uncle WILLIAM did it, it was done right. WILLIAM is said to have been a tall man near 6ft 4inches tall and well muscled. He was a devout Lutheran as was his wife. He obeyed God through love not fear his only one being that he might disobey God's teachings. His second wife, CATHERINE was about 5ft 4 inches tall. She was good hearted woman and both were loved and respected by all their neighbors. Always ready to help those who needed it.

On the death of their oldest son GEORGE who lived on 30 acres that were connected, WILLIAM and wife took in the three oldest of their grandchildren as their own, the girls and youngest who stayed with their mother who later moved into Byran, Ohio till she remarried in 1904 and moved to Waterloo, Indiana. The older boys continued to live with their grand parents.

Of some interesting stories handed down concerning WILLIAM and his curiosity as told by EDWIN E. STROCK and put down several years ago, WILLIAM and son GEORGE wondered what would happen if they set off a dynamite cap on the work shop floor, it being of 2 inch hard wood. So they placed one on the floor, lit the fuse and hid behind some heavy cases. Well when the smoke cleared, there was a four foot hole in floor and satisfied with what a cap would do proceeded to repair the damage. Can only think they must have lived an interesting life with not many dull moments. Other stories of interest of finding out things the hard way by doing are also handed down. It even seems some of the traits were handed down as to wondering how and what may happen if certain things were tried.

1971 in Lafayette, Indiana. Both buried in Waterloo, Indiana
Cemetery. JOHN'S parents were WILLIAM & SARAH ANN (STROH) DUNN
he born 16 January 1845 in Ohio; died 15 September 1871 DeKalb
Co., Indiana and SARAH born 3 September 1847; died 8 November
1935. She had remarried to WESLEY FULTON born 10 October 1847;
died 14 November 1922. WILLIAM is buried in Lutz Cemetery which
was north east of Waterloo, Indiana and SARAH & WESLEY are buried

MARY ANN (SHIELDS) JOHNSON, he born abt. 1841 Ripley Co., Indiana;
died in Nebraska and she born 20 March 1854 Ripley Co., Indiana;
died 11 October 1953 Alma, Nebraska.

EDWIN is a veteran of WW I. He served in Medical Corps and was
in US Army from 14 February 1918 to 4 November 1919 with eleven
months in France. After marriage, they moved to South Bend, Indiana
where he first worked at Studebakers, and then for the South Bend
Bait Co. and after they closed for the Obriens Paint Co.

Without EDWIN'S interest, this new book on the Descendants of
JOSEPH STROCK would not have come about. He first obtained a copy
of the 1932 book in 1958 although he had heard of it for years
but never knew where he might get one. He soon recognized that the
book was sadly out dated and that there were some errors he could
correct. With no more than the mailing lists in the back of the
1932 book, he started writing to all he could in order to come

GEORGE STROCK

into contact with as many people as he could. As time went, he had established contact with many members of various family lines and did his best to get new data on the families. He also used the local Library in an attempt to contact all the STROCKS he could although many are not of our family line. He did in this manner find much data on some of the other lines also but could never quite bring the relationship of these others into an exact relationship with our JOSEPH STROCK. It seems he was very near this goal and had been writing to Germany in order to find these facts. Of his correspondence, it seemed a near certainty that several others who arrived in this country in the 1700's were brothers of our JOSEPH but no finally verification of it has been turned up to my knowledge.

The years rolled by and much new data was collected but the desire to connect all the STROCKS seems to have taken over the updating of the 1932 and then EDWIN'S health became poor and eyes just could do the job needed any longer but he kept his records together although much was still in letters. I feel certain that with more time and better health, this book would have been done a numbers of years ago.

EDWIN is buried in the St. Joseph Memorial Cemetery located on Indiana St. Rd. 23 north east of South Bend, Indiana.

RONALD WESLEY STROCK born 25 July 1927 South Bend, Indiana. Married at Goshen, Indiana on 25 February 1950 to IVAJEAN ROSE PIERCE born 17 November 1926 South Bend, Indiana. She is the daughter of CLARENCE MITCHELL and GERTRUDE CECILIA (WEIDNER) PIERCE. He was born 31 January 1905 near Lansing, Michigan; died 26 November 1949 Niles, Michigan. She was born 21 July 1904 LaPorte, Indiana; died 29 July 1928. He is buried in St. Joseph Cemetery, South Bend, Indiana and she in St. Joseph Cemetery at LaPorte, Indiana.

RONALD is a veteran of WW II. Served in US Navy as as Aviation Ordinance Man from January 1945 till October 1947. Lives near Osceola, Indiana since 1980. Had lived in South Bend, Indiana till that time. Works for Uniroyal, formerly US Rubber Co. since 1947. IVAJEAN works there also.

RONALD compiled the data collected by his father, EDWIN, after EDWIN'S death in 1977. He also spent the next several years doing research on the family and writing to as many of the family as he was able to reach. Several hundred letters have been written since

GEORGE STROCK

first starting his correspondence in August of 1978. It should be noted that although he knew of the attempt of his father EDWIN to collect data on the Descendants of JOSEPH STROCK, it was not of any great interest in this and was not until after EDWIN'S death and moving of his mother to live with him did he discover the real extent of the work that had been done. His first idea was to try and discover any of the family that might be interested in all this and to send it to them. After a short time of going through a number of the letters that EDWIN had received over the years, there was an interest developed and soon decided to try and finish this in memory of EDWIN. Besides the many letters written to family members for newer data on their families, many hours have been spent in Libraries in search of any data, a great many cemeteries have been search through and for for dates not previously given or known to others of the family. Needless to say, he has enjoyed this or could not have devoted all the time required to gather what is in this book and the many miles driven to locate just one bit of data. As this whole project is really a never ending task, it was decided that before too late, what had been gathered must be put down and printed. Work will go on to compile and still gather future data with the help of all of you who are part of this family line.

JOSEPH STROCK

G-2-E

JOSEPH STROCK was born on 5 October 1788 in old Berks Co. Pennsylvania (exact location not known at the present time) and he died on 7 November 1851 in Canfield Twp of Mahoning Co., Ohio. He is buried in the Old North Cemetery located on east side of Ohio St. rd. 46 about one mile north of Canfield, Ohio his marker saying he died November 7 1851 aged 63y 1m 2d. The 1932 STROCK book has he was born 7 July 1788.

Married in 1810 in what was then Tyrone Twp. Cumberland Co., Pa. but today is Perry Co. and most likely Saville Twp. as Tyrone Twp. was divided and later Perry Co., formed in 1826, to ELIZABETH MILLER born abt 1790; died 18 June 1856. Date of birth figured from 1850 Ohio census and date of death as given in 1932 STROCK book. She is supposedly buried next to JOSEPH but no marker exists for her today. She is said to be a daughter of a JOHN MILLER. A check of the 1810 census shows a JOHN MILLER Jr. family living near to JOSEPH'S father and also a JACOB and a GEORGE MILLER. From age brackets, it would seem more likely that her father was JACOB or her father had died and was JOHN MILLER Sr.

JOSEPH is a veteran of the War of 1812. He served with his next older brother in Captain Morelands Company of Volunteer Rifles. This data is in the Pa. Archives and also in a History of Perry Co., Pa. by a H.H. HAIN that says both JOSEPH and GEORGE were from Saville Twp. of Perry Co., Pa.

When the STROCK families first came to Ohio, JOSEPH settled in the south west corner of Youngstown Twp of what was then Trumbull Co., Ohio and at what is called Cornersburg. He was a Tavern Keeper on the old Plank Rd. By 1830, he was in Austintown Twp. as he was also in 1840 from census records. In 1850 he was in Canfield Twp. and listed as a farmer. He lived next to his son SOLOMON and very close to daughter, MARY (STROCK) WEHR all being on west side of what is now called Tippecanoe Rd.

His marker is laying flat on ground as it has been for a number of years. Still readable although edges overgrown with grass. (Five Children)

From 1840 and 1850 census records, they lived in Jackson Twp. of present day Mahoning Co., Ohio near what is now the corner of Mahoning Ave. and Lipkey rd. Are said to have lived near Cornersburg but this may have been later on. Have not located a grave site for them or as yet dates of death. (Four Children)

The markers for both JACOB and SARAH are laying flat on ground with his broken across the date.

SARAH is the daughter of JOHANNES (HANGE) HENCH and MARGARETHA (REIS) RICE. MARGARETHA is a sister of CATHERINE who married JACOB'S oldest brother HENRY (JOHN HENRY) STROCK. From the records of HARRY LENIG of Perry Co., Pa., a JACOB STROUCH married in 1810 to SALOMA (SARAH) HENCH.

SHERMAN W. STROCK born 21 December 1868 Hardin Co., Ohio; died 29 March 1909 on his farm four miles east of Grover Hill, Ohio. There is some dispute as to if this was in Paulding or VanWert Co., Ohio. Two obits do not agree on this and seems it may be possible that the farm was on the county line. Only check of land records could settle this. He had an Acetylene generating plant on his farm for use in lighting his house and farm buildings but walked in with a lantern and building blew up killing him.

Married twice. First marriage in Hardin Co., Ohio on 7 January 1890 to FLORENCE MAUDE RINEHART born 30 March 1870 Hardin Co., Ohio; died 15 October 1899 Jackson Twp. Van Wert Co., Ohio. This and a couple other obits indicate that the family lived in Van Wert Co., Ohio. She is a daughter of VALENTINE and CAROLINE (CRATES) RINEHART. Cumberland Co., Pa., there were families of a PHILIP and JACOB STITLE living in the same area as our JOSEPH STROCK, HANNAH'S father. PHILIP is also in the 1800 census for Tyrone Twp. Cumberland Co. and has sons in the age brackets that could be a husband for HANNAH. Have not been able to locate the STITLE family in any census records so far but seems the family must have moved to Medina Co., Ohio first then to Wayne Co., Ohio sometime before 1883. From what can be found, they were in Medina Co. before 1849.

FREDRICK STITLE-died as young boy and is buried in the Brunstetter cemetery in Austintown Twp. present day Mahoning Co., Ohio in the old part of cemetery. Very few markers in this part today but is a column type with STITLE name on it but laying on side and have'n't been able to read.

G-3-B

JOSIAH STITLE born 1 January 1813 Canfield Twp. present day Mahoning Co., Ohio died October 3, 1901. The 1932 book list him as born in Austintown Twp. but unless the STITLE family moved to Ohio ahead of the STROCK'S and the parents marriage took place in Pa., this does not seem likely but his marker also says born 1813. Leaves some questions as to the data obtained but as unable to get anything new leaves what to do. Only new data from that in 1932 is some small bits EDWIN E. STROCK got and my visit to the cemetery at West Salem, Ohio in 1980.

JOSIAH married SARAH DAUGHERTY born 4 July 1821 Westmoreland Co., Pa.; died 18 July 1889, and is buried with husband in West Salem, Ohio.

SAMUEL STROCK

G-2-I

SAMUEL STROCK born 7 May 1799 Tyrone Twp. of what was then part of Cumberland Co., Pa. but is now in area of Saville Twp. Perry Co., Pa.; died 29 June 1878 aged 79y 1m 22d from his marker in the old Lutheran cemetery south east of Newton Falls in Trumbull Co., Ohio where he died. Married in Austintown Twp. present day Mahoning Co., Ohio by PETER MONY V.D.M. on 22 August 1819 to MARY "POLLY" MAGDALENA BRUNSTETTER born 13 October 1799 Pa.; died 7 June 1868 aged 68y 8m 4d from her marker next to SAMUEL'S. This old cemetery dates back to 1813 and at one time was the site of a Lutheran Church.

Have not as yet located SAMUEL in the 1820 Ohio census. In an article from the Youngstown Vindicator of 30 May 1982, it states that SAMUEL STROCK established what is now known as the Riverbank Cemetery also known as the Old Dutch Cemetery in what is now Milton Twp. Mahoning Co., Ohio on land owned by Judge PRICE. It is now surrounded by a golf course. It is stated that SAMUEL and wife are buried there but is not so as markers and dates of burial are after this cemetery was out of use. Being here in 1820 might account for why SAMUEL is not in census as was on move and most likely census taker did catch him. In the 1830 Ohio census, He is listed in Austintown Twp. Trumbull Co., Ohio which is now and since 1846 Mahoning Co. In early 1840, SAMUEL and family moved to a farm in Newton Twp. Trumbull Co., Ohio. How large it was at the time not known but by 1874 was of 202 acres located on what is now called the West River Rd. both sides with the east edge on the Mahoning River. and. The home was on east side of road about $\frac{1}{2}$ mile north of what is now the Mahoning-Trumbull Co. line. A history of the area says that in 1808, a Rev. JAMES BOYD preached the first sermon in this area. The farm passed on to SAMUEL'S son JOSEPH later still, JOSEPH'S youngest son, SHERMAN farmed the land.

A fisher, hunter and a good farmer, with a good team. Cleared his land, raised fine crops and had a fine orchard. His wife was a friend to all and a lover of children.

The STROCK name has died out in this line.

Married at Warren, Ohio by GEORGE AUSTIN J.P. on 27 April 1846 to JACOB BEST (JOEL BERT in marriage records). Using 1850 and 1860 census records, JACOB was born 1810-14 in Pa. He remarried after her death and took family to Missouri. Census records for 1850-1860 indicate three children but from ages and date of their marriage, the oldest one may have been from a previous marriage of his. She is supposed to have been buried in Pricetown cemetery but no marker was found in 1981.

JOSEPH G. STROCK born 25 August 1831 Austintown Twp. present day Mahoning Co., Ohio; died 8 October 1905 Newton Twp. Trumbull Co., Ohio. He married three times. First marriage at Newton Falls, Ohio by U.D. KELLOGG J.P. on 3 March 1853 to SUSAN KISTLER born on 20 October 1834 Austintown Twp.; died 17 March 1868 aged 33y 4m 28d from her marker. She is the daughter of MICHAEL and MARY SOLOMA KISTLER. MICHAEL was born in 1792 in Pa. and died 31 January 1865 aged 72y 10m and MARY died 23 February 1869 aged 73y. They are both buried in the Old Lutheran cemetery south east of Newton Falls, Ohio. Second marriage on 8 November 1868 to ALMIRA POWERS born 5 February 1841; died 23 April 1876 Newton Twp. Trumbull Co., Ohio. She is the daughter of WILLIAM and SUSAN POWERS of Ohltown which is in Austintown Twp. Mahoning Co., Ohio. His third marriage was after 1896 to MARGARET (FRAZIER) STROCK, widow of his cousin JOSEPH STROCK, son of JOHN HENRY STROCK, JOSEPH having been killed in accident while moving from North Jackson, Ohio to Newton Twp. Trumbull Co., Ohio. MARGARET was born 1835 and died in 1921.

A strange thing is found concerning MARGARET in that in the 1880 Ohio census, she is shown in Newton Falls, Trumbull Co., Ohio with five children. Two are SYLVIA age 11 and BENJAMIN age 5 both STROCK and SARAH age 23, ELZETTA age 20 and NORMAN J. age 19 all of whom are FRAZIER and born in Pa. Her present husband, JOSEPH STROCK, son of JOHN HENRY STROCK, is not found listed as yet. Where he may have been at this time remains unknown but does show that she had been married before and was in Pa. at least until 1861. It also brings to light the son BENJAMIN born abt. 1875 who is not known as to what happened to him later.

JOSEPH G. STROCK farmed with his father SAMUEL and took over this land after SAMUEL died. The farm then passed to JOSEPH'S son SHERMAN.

The 1932 STROCK book says that JOSEPH was in the Civil War but have found no records as to this. It may be that he never filed for a pension which are the easiest to track down.

JOSEPH G. STROCK and his first two wives are buried in the Old Lutheran Cemetery. There is a long row of markers including his parents SAMUEL and POLLY. He has no dated marker except a small one next to a large "STROCK" marker which says on small one FATHER-1831-1905. His third wife MARGARET is buried in the Old cemetery on Canal St. in Newton Falls, Ohio with her daughter SYLVIA.

WILLIAM STROCK

G-2-J

WILLIAM STROCK born 12 June 1801 in what was then Tyrone Twp. of Cumberland Co., Pa. but now in area of Saville Twp. Perry Co., Pa.; died 20 March 1858 Austintown Twp. of present day Mahoning Co., Ohio. His marker says died March 20, 1858 aged 56y 9m 8d which goes along with date of birth. Married to LYDIA CRUM born 12 May 1804 in Pa. died 24 June 1861 Austintown Twp. Mahoning Co., Ohio aged 57y 1m 12d from her marker. Both are buried in the Old North Cemetery in Canfield Twp. Mahoning Co., Ohio about a mile to the north of town of Canfield. Spent their married life in Austintown Twp. The old stone home he built still stands on the north side of what is now Mahoning Ave. address 7171 and is at present owned by a Mrs. JOHN E. TUCKER. House has been added to and is above the Meander Creek where the City of Youngstown gets its water supply. The house is referred to as the old Anderson Home as it belonged to them after WILLIAM had it. It was a station on the underground Railway for fugitive slaves trying to make their way to Canada. They later moved near the center of Austintown Twp. where they were living when WILLIAM died. LYDIA is most likely a daughter of HENRY CRUM who settled in Austintown Twp. abt. 1805 having come from Pa. and would have been a neighbor of our JOSEPH when he came to Ohio in 1814, both living near Smith's Corners.

Arun through the census records show WILLIAM in 1830 in Austintown Twp. with female age group of wife and another female 15-20 and male 10-15. Who these are is not known. 1840 census has him in same area. Wifes age in wrong group. A female 10-15 and male 5-10 who must be son DAVID born in 1832 but female unknown. In 1850, where names are given, there are WILLIAM, LYDIA and son DAVID. In the 1860 census, LYDIA is listed in household of son DAVID.

The 1932 JOSEPH STROCK book lists one child for WILLIAM and LYDIA but the journal of Rev. HENRY HEWITT who had the old Church across the road from the Old North Cemetery has that he buried two children of WILLIAM STRACK. One on 21 August 1827 and one on 18 October 1829. Dying at this time and so young, this data was probably not known or handed down. Rev. HEWITT was pastor of the ZION Church which was built in 1810 and was the Church of many of the early German settlers for miles around. It was a 40 x 50 log building which burnt down in 1845. It served the Lutherans of the area who before hand met in homes. Rev. HEWITT was the second pastor. Services were in German for the first 50 years.

CHILD born (?); died (?) buried from the Zion Church by Rev. HENRY HEWITT on 21 August 1827.

G-3-B

CHILD born (?); died (?) buried by Rev. HENRY HEWITT on 18 October 1829.

Both of above children were no doubt buried in the old North Cemetery across the road but no markers in evidence today. Is a large section which I believe is the oldest part where few if any markers are still standing today.

DAVID STROCK born 3 December 1832 Austintown Twp. Mahoning Co., Ohio; died 25 December 1905. Married twice. First marriage on 30 January 1855 to SUSAN BROBST born 7 March 1834 Ohio; died 7 April 1879 Ohio. She is the daughter of DANIEL and MARGARET BROBST. DANIEL was born 1 November 1797 in Pa.; died 14 August 1894 in Wood Co., Ohio. MARGARET was born 16 August 1797 in Pa.; died 8 June 1858. Second marriage on 20 November 1879 to MARIA BROBST YEAGER born abt. 1837-38 in Canfield Twp. Mahoning Co., Ohio; died in spring of 1909. She is the daughter of HENRY and SUSANNA BROBST. HENRY is a brother of DANIEL. DAVID'S second wife had a son and daughter from previous marriage. By the 1870's DAVID owned a farm of about 100 acres south of Austintown on what is now Ohio St. Rd. 46 west side. The location is shown on the 1874 Historical

WILLIAM STROCK

Atlas of Mahoning Co., Ohio and also on 1899 map in 1899 Atlas. DAVID and first wife SUSAN are supposed to be buried in the Old North Cemetery but no markers to be found today. Their three children who died young are buried there and have markers that are still standing. DAVID became associated with the Evangelical Ebenezer Church at Smith's Corners which was south of his farm and was on the building committee and a principal subscriber. The Church was organized in 1861 and built in 1861-62. A grave yard is behind it in which some members of STROCK family are buried and would seem logical that DAVID might be buried there but again, no markers are found.

G-2-K

JOHN STROCK born 1804 in what is now Saville Twp. Perry Co., Pa. but was then part of Tyrone Twp. Cumberland Co., Pa.; died on 14 September 1879 believed to have been in Kent Co. or Mason Co., Michigan. He is the youngest child of JOSEPH and ELIZABETH STROCK. Married in Austintown Twp. present day Mahoning Co., Ohio by WILLIAM TRUESDALE J.P. on 17 July 1825 to MARY (POLLY) MAGDALENA WEAVER born abt. 1807 in Pa.. When or where she died not known at present time but was after 1860 and she is listed in 1860 Ohio census with family who are at this time living near the town of Pleasant Hill now known as Delightful in the south east corner of Southington Twp. Trumbull Co., Ohio. It had been believed that in 1867 when their daughter, MARGARET (STROCK) KISTLER and husband WASHINGTON moved to Michigan that JOHN and POLLY may have went with them. The 1870 Kent Co., Michigan census does not show them with them or even near by.

They first lived in Canfield Twp. of present day Mahoning Co., Ohio. The 1932 STROCK book says they lived west of the "Old Home" most likely the home of his parents. Later lived in Lordstown and Southington and then Michigan. The census records confirm this except for being in Michigan. They lived in Canfield Twp. till in the 1830's when they moved to Lordstown Twp. living south of the town of Lordstown. In abt. 1842, they moved to Southington Twp. of Trumbull Co., Ohio. JOHN was a Farmer and Carpenter. Handy with tools it is said.

The exact order of children not known as dates of birth not exact for some especially the ones that died young but put in best order as can.

(Thirteen Children)

G-3-A

MARY STROCK born before 1830 in Canfield Twp. Mahoning Co., Ohio; died in 1830's in Lordstown Twp. Trumbull Co., Ohio. As the 1830 Ohio census lists two daughters and one son aged under five, she could have been in any of the first three. From data on the other two, MARGARET and MARTIN, only MARGARET seems to have a close date of birth from census records as being in October 1827. MARTINS date varies from census and Civil War records so have no exact date on him.

MARY may be buried in the old cemetery east of the town of Lordstown on the south side of Carson Slat Springs rd. but no marker now standing.

G-3-B

MARTIN STROCK born between 1826 and 1828 depending on records. He is shown as being born 1826-27 in census recors but his Civil War records show him to be a little younger and born 1828. Am listing him in this position as the dates of his sister MARGARET are also not exact in records and do vary according to source used. MARTIN died seems likely between 1887 and 1890 but no exact date known at this time. A search so far has not revealed a date but as he was rejected for a Civil War Pension in 1887 seems to indicate that he was living then and cemetery records going back to 1890 give no date for him being buried where he is in the Oakwood Cemetery at Warren, Ohio. According to Micro Film Oh 124 at the Ft. Wayne, Indiana, MARTIN STROCK was married by A. LYNN on 4 June 1846 in Mahoning Co., Ohio to LUCINDA STROCK. She was born abt 1821 in Ohio and is the daughter of JACOB and SARAH STROCK. JACOB is a brother to MARTIN'S father JOHN so he and she would be first cousins. The date of her death is not known at presnt time except she was still alive as is listed in the 1870 Ohio census for Canfield Twp. of Mahoning Co., Ohio. He does not lists her in his claims for a Civil War pension as being alive in 1880 so was no doubt dead by then.

MARTIN was a Blacksmith by trade and moved around considerably in pursuit of his trade. They lived in at least six different Twp. of Mahoning and Trumbull Co., Ohio.

JOHN STROCK

MARTIN is a veteran of the Civil War as was three of his sons. He was drafted and served from 17 May 1864 till his discharge on 26 June 1865 near Washington D.C. with the 122nd Reg. Co. "G" Ohio Infantry. His record says he was 5ft. 9½ inches tall, grey eyes, fair complexion and brown hair.

He filed for an Invalid Pension on 30 June 1880. His claim was that while near Cedar Creek in the Shenandoah Valley of Virginia, he was climbing over a rail fence and while straddled, he slipped. This injury caused much pain but probably due to embarrassment, he did not report it as it did not appear on his records. He was thus unable to prove it although seems to have had the necessary Affidavit's but was finally rejected.

He lived in Warren, Ohio after 1875 till death.

G-4-A

LEWIS STROCK born 3 April 1846 Lordstown Twp. Trumbull Co., Ohio; died 25 May 1929 of chronic myocarditis at Cleveland, Ohio. He married at Canfield, Ohio on 31 July 1869 to CAROLINE MARTHA MOORE born 3 October 1848 Farmington, Ohio; died 14 May 1898 at Bristolville, Ohio. She is the daughter of JOHN MOORE who died on 2 May 1882 aged 66y 8m 4d. They lived at Farmington and then at Bristolville. They are both buried in lot 159 of Evergreen Cemetery at Bristolville, Ohio.

LEWIS enlisted in the Civil War on 31 January 1865 for one year. He was mustered in on 22 March 1865 at Camp Chase, Ohio in Co. "D" 196 Reg't Ohio Infantry and was mustered out with Company on 11 September 1865 at Baltimore, Maryland. He was a teamster with his company.

In 1880, he filed for an Invalid Pension based on an eye condition which he stated started in April of 1865 while at Camp Chase. He states he was exposed to cold which settled in his eyes and they became watery and sensitive to bright light. This condition bothered him at various degrees the rest of his life at time so bad he could not work. His records says he was 5ft. 9 ¾ inches tall, grey eyes brown hair and a florid complexion.

He lived at Austintown, Ohio for about five years prior to the Army. On discharge in 1865 he lived at Canfield, Ohio with his parents till 1867 when he went to Farmington, Ohio. The about 1881, he moved to Warren, Ohio where they lived for awhile until going to Bristolville, Ohio.

MARGARET STROCK born in October 1827 from 1900 census data but the

earlier records do not have her this old and is more likely that

she was born 1828-1829 Canfield Twp. present day Mahoning Co.,

Ohio; died in October 1910 in Summit Twp. Mason Co., Michigan.

Married in Trumbull Co., Ohio by FREDERICK REEVES M.G. on 19 March

1846 to WASHINGTON KISTLER born 4 July 1823 Pa.; died 28 November

1891 Summit Twp. Mason Co., Michigan. Both are buried in the

Summit Twp. Cemetery on south side of Hawley Rd. east of old US

31 and is south of Ludington, Michigan. They had lived in Lords-

town Twp. and Southington Twp. of Trumbull Co., Ohio till in 1867

when they moved to Kent Co., Michigan. living in Gaines Twp. where

he is listed as a farmer in the 1870 Census. He was also a farmer

in Mason Co., Michigan in 1880 census. In the 1850 and 1860 census

he is listed as a Blacksmith. In Mason Co., Michigan, he owned 80

acres of land on the south east corner of what is US 31 and Kist-

ler Rd. with another 40 on the south west corner where he set a

Blacksmith Shop. This last is still in the family being owned by

his grandson, MAURICE B. KISTLER. The land on the east side of rd.

was gradually sold with last of it going in 1980 when grand daugh-

ter, RUBY (KISTLER) JENSEN sold the house and moved in wit one of

her daughters.

JOHN STROCK

The KISTLER name is known to have originated in the German and Swiss regions of Europe and to have come to American in 1737. A JOHAN KISTLER is listed in Rupp's 30,000 Immigrants in Pa. as being members of the Tulpehocken Church in Pa. between 1743-46. This is located about 15 miles west of Reading Pa. The family of a MICHAEL KISTLER came to Ohio about the mid 1820's from Pa. He was born in Pa. and died 31 January 1865 aged 72y 10m in Newton Twp. Trumbull Co., Ohio. His wife, MARY SOLOMA KISTLER died on 23 February 1869 aged 73y same place as husband and both are buried in the Old Lutheran Cemetery south of Newton Falls, Ohio. It is fairly certain that they are the parents of WASHINGTON as they are the parents of SUSAN KISTLER who married JOSEPH G. STROCK, son of SAMUEL STROCK who lived in Newton Twp. Trumbull Co., Ohio. The names of several of MICHAEL KISTLER'S children appear in the 1850 census for Trumbull Co., Ohio but the older were already married by this time but all found are of ages to have been children of MICHAEL'S.

WASHINGTON & MARGARET (STROCK) KISTLER had.

WASHINGTON KISTLER born 30 March 1855 Trumbull Co., Ohio; died in 1890 at Newton Falls, Ohio. This is data as given in 1932 STROCK book but as he is not listed with family in 1860 census, he must have died prior to then which would be 27 June 1860 was the date their census was taken. Also why given as dying at Newton Falls when the family had lived in Lordstown Twp. and moved to Southington Twp. of Trumbull Co., unless there was a period that they had lived at Newton Falls between the other two places but this is not known.

Cemetery, Mason Co., Michigan near his sister MARGARET (STROCK) KISTLER and her husband WASHINGTON. There is no marker except flag put up each year as he was a Civil War veteran.

He married in Trumbull Co., Ohio by Rev. Shorts on 10 March 1870 to SYRENA (CYRENA) LERURIA BANCROFT born abt. 1828-1829 in Ohio. Weh or where she died is not known at present. She is the daughter of DAVID and MARILLA BANCROFT. DAVID was born 19 October 1796 in Granville, Massachusetts; died 18 February 1869 in Ohio. MARILLA was born abt. 1799 in Mass.; died 26 August 1852 in Ohio. They lived in Nelson Twp. Portage Co., Ohio where they are buried in cemetery on Ohio St. Rd. 305 at corner of Prentiss Rd. NELSON was a veteran of the Civil War. He enlisted on 12 November 1861 in Co. "H" 20th Ohio Infantry. and was discharged on the 31 October 1862 at St. Louis, Missouri suffering from Chronic Diarrhea. In filing for an Invalid pension, he blamed this on the bad drinking water he had while guarding prisoners being taken to

JOHN STROCK

St. Louis from Ft. Donalson. He is described in his records as being 5ft. 11 inches tall, light complexion, grey eyes and dark hair.

On discharge, he lived in Trumbull Co., Ohio and then in Portage Co., Ohio. Some time after his application for an invalid pension on 22 March 1889, he moved to Mason Co., Michigan living on land of his sister, MARGARET (STROCK) KISTLER. It seems that when he applied for a pension he was living in Niles, Ohio. His wife had evidently died some time prior to his pension application but no date is known.

At his death in hospital at Ludington, Michigan, a nephew of his, CLARENCE E. KISTLER took care of arrangements and expenses and the filed for reimbursement of \$60.00.

NELSON was a Carpenter by trade.

ZEILER, MARIA L.	156		

To each of you who have a copy or use the Descendants of Joseph Strock of 1757 book:

As this is a never ending thing with new additions and changes always taking place in all the family lines, I would like to have any or all of you keep me posted as to births, marriages and deaths that may take place. I do hope in a few years to make a supplement to the book if enough of you will keep me posted. There are also some areas where data is far from complete. This includes lack of middle names, dates where births, marriages and deaths have taken place. Also there may be many with military service not noted.

For a work of this type to be usefull, details that may seem not too important to you really should be included. Even places of burial are needed, not only name of cemetery but where located. What we know and take for granted today will not be known to our descendants unless we leave clear records for them.

So the ideal data is full name of the person is a blood line descendants, when and where born. If married when and where and the full name of spouse with where and when they were born. If dead when and where died with place of burial. It is also of use to have the names of parents of a spouse with mothers maiden name included. Now this last has not been requested in past but I find that it could also be of interest too our future generations.

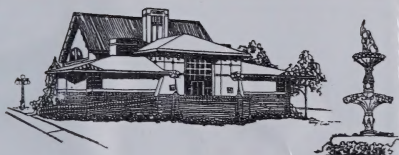

I am also intersted in any STROCK families even if not of our own Joseph Strock's family, so if any out there not fitting into this work would care to write, I would like to in time compile a work on the other STROCK lines I know exist as I do have some data on some of these other families and would like to add as much as I can get.

To those who do send new and revised information, please refer to the persons family this fits into and on what page of the book they are on.

Sincerely,

Ronald W. Strock
